Elephant in the Room Kristen Harper,2017-11-30 There s an elephant in the room and in the church Gluttony the sin of eating too much food and eating for the wrong reason The natural consequences of social embarrassment health problems and obesity plague many families these days but no one wants to talk about the underlying respectable sin When Pastor Eric Harvey s family faces a crisis Eric turns to the Bible for perspective and answers What he learns launches his family and his church on a ten week challenge full of laughter and tears prayers and sweat and even coffee and homemade pastries Some members react with anger some with doubt others with enthusiasm like Nick Saint their very own professional Santa Hearts and lives are changed by the gospel of Jesus Christ and by true repentance Some people will lose weight too Collected Works of C.W. Valentine C.W. Valentine,2021-06-23 Charles W Valentine 1879 1964 is an important figure in the history of educational psychology Leaving school at 17 to become a teacher he continued to study at the same time gaining degrees from London Cambridge and St Andrews He was professor of education at the University of Birmingham in 1919 until his retirement in 1946 then president of the British Psychological Society from 1947 1948 His research covered many areas including child development imagery mental testing home and classroom discipline Out of print for many years the Collected Works of C W Valentine is an opportunity to revisit many of his finest works *Language in Epistemic Access* Caroline Kerfoot,Anne-Marie Simon-Vandenberg,2018-07-26 This book focuses on how to address persistent linguistically structured inequalities in education primarily in relation to South African schools but also in conversation with Australian work and with resonances for other multilingual contexts around the world The book as a whole lays bare the tension

between the commitment to multilingualism enshrined in the South African Constitution and language in education policy and the realities of the dominance of English and the virtual absence of indigenous African languages in current educational practices It suggests that dynamic plurilingual pedagogies can be allied with the explicit scaffolding of genre based pedagogies to help redress asymmetries in epistemic access and to re imagine policies pedagogies and practices more in tune with the realities of multilingual classrooms The contributions to this book offer complementary insights on routes to improving access to school knowledge especially for learners whose home language or language variety is different to that of teaching and learning at school All subscribe to similar ideologies which include the view that multilingualism should be seen as a resource rather than a problem in education Commentaries on these chapters highlight evidence based high impact educational responses and suggest that translanguaging and genre may well offer opportunities for students to expand their linguistic repertoires and to bridge epistemological differences between community and school This book was originally published as a special issue of *Language and Education* **The Survey** ,1929 [Elephants](#) Emily Kington,2022-08-01 Elephants are some of the biggest animals alive today *Animals in Danger* Elephants looks at how different types of elephants survive in their natural habitats and how they live together Learn about their amazing trunks and how they can be used as a nose mouth or fingers Discover what tusks have to do with keeping elephants safe Learn about the differences between African and Asian Elephants and why some of them have been put to work Awesome photographs accompany sensitively written text it s a must read for young kids with an interest in caring for endangered animals and the planet **Manual of Natural History Studies for Pupils** ,1898 *Elephants* Ellen Greene Stewart,2022-03-18 Elephants are a keystone species and have been a part of the magic of the thickly forested land of South Africa for millennia This book focuses on the history and work of Knysna Elephant Park a leading South African elephant research facility that has been home to more than 40 elephants in 25 years Unfortunately all the mystique of the Knysna elephant has been reduced to a single elephant left alive Exploring a wide range of topics this book covers the impact of elephants interactions with tourists how they recover from trauma and even their relevance in human healthcare Renowned elephant researchers explain the majesty of the elephant brain which has the largest temporal lobe devoted to communication language spatial memory and cognition To this effect the book emphasizes the threat of poaching to these gentle giants which has almost forced them to extinction Perhaps if humans pay attention to how elephants symbolize our relationship with nature we can learn important lessons about humanity itself **Nebula Awards Showcase 2003** Nancy Kress,2003-04-01 More information to be announced soon on this forthcoming title from Penguin USA [Tum Tum, the Jolly Elephant: His Many Adventures](#) Richard Barnum,2023-10-04 In *Tum Tum the Jolly Elephant His Many Adventures* by Richard Barnum readers are transported into a whimsical world filled with delightful stories of the beloved protagonist Tum Tum Through a series of engaging adventures Barnum skillfully weaves together themes of friendship bravery and perseverance in a way that captures the imagination of

both children and adults alike The book is written in a charming and accessible style making it an ideal choice for young readers to enjoy on their own or as a shared reading experience with family Barnum s storytelling is reminiscent of classic children s literature with a modern twist that makes it a timeless and enjoyable read for all ages Richard Barnum known for his works that celebrate the wonder and innocence of childhood draws inspiration from his own experiences as a parent and educator His passion for storytelling shines through in *Tum Tum the Jolly Elephant* as he creates a vibrant and enchanting world that is sure to captivate readers of all ages With his background in early childhood education Barnum expertly crafts a narrative that not only entertains but also teaches valuable lessons about empathy courage and the power of friendship I highly recommend *Tum Tum the Jolly Elephant His Many Adventures* to anyone looking for a heartwarming and engaging read that celebrates the joy of storytelling and the power of imagination Whether you re a parent looking for a new bedtime story or a fan of classic children s literature this book is sure to delight and inspire readers of all ages

The Psychology of Early Childhood C.W. Valentine,2015-06-05 Originally published in 1942 this title attempted to trace from their very earliest appearances after birth all aspects of mental development in childhood up to the age of about 4 or 5 It is based largely on the author s almost daily observations of his own five children over a period of some twenty years supplemented by numerous tests and experiments The first purpose of this

book was to advance our knowledge of the psychology of childhood The importance of such knowledge had become increasingly recognised Even if not all is completely determined in the first 4 5 years there was little doubt by this time that these first years are of profound significance for future development and the better understanding and training of the young child may be at the root of many of our educational and social problems

Adopting the Tune of Phrase: An Emotional Symphony within **Elephants Did You Know**

In a global eaten by screens and the ceaseless chatter of instant interaction, the melodic splendor and mental symphony produced by the written term usually fade in to the backdrop, eclipsed by the relentless sound and disruptions that permeate our lives. Nevertheless, set within the pages of **Elephants Did You Know** an enchanting literary treasure full of raw thoughts, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, that interesting masterpiece conducts viewers on an emotional journey, well unraveling the hidden melodies and profound affect resonating within each cautiously constructed phrase. Within the depths of this emotional examination, we will examine the book is main harmonies, analyze its enthralling publishing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
