Normal Instructor ,1910 Typewriter Topics ,1908 **Reference Guide to American Literature** D. L.
Kirkpatrick,1987 American Builder ,1911 Reading Writing Interfaces Lori Emerson,2014-06-01 Lori Emerson
examines how interfaces from today s multitouch devices to yesterday s desktops from typewriters to Emily Dickinson s self
bound fascicle volumes mediate between writer and text as well as between writer and reader Following the threads of
experimental writing from the present into the past she shows how writers have long tested and transgressed technological
boundaries Reading the means of production as well as the creative works they produce Emerson demonstrates that
technologies are more than mere tools and that the interface is not a neutral border between writer and machine but is in
fact a collaborative creative space Reading Writing Interfaces begins with digital literature s defiance of the alleged
invisibility of ubiquitous computing and multitouch in the early twenty first century and then looks back at the ideology of the
user friendly graphical user interface that emerged along with the Apple Macintosh computer of the 1980s She considers
poetic experiments with and against the strictures of the typewriter in the 1960s and 1970s and takes a fresh look at Emily
Dickinson s self printing projects as a challenge to the coherence of the book Through archival research Emerson offers
examples of how literary engagements with screen based and print based technologies have transformed reading and writing
She reveals the ways in which writers from Emily Dickinson to Jason Nelson and Judd Morrissey work with and against media
interfaces to undermine the assumed transparency of conventional literary practice **Pitman's Typewriter Manual** Isaac
