Et Si Cela Nous Arrivait:

, Unacknowledged Legislators Roger Pearson, 2016-04-21 What is the public value of poetry How do poets envisage their own role and function within society How do we Do poets seek to shape public opinion and behaviour Should they Or do they offer alternatives perhaps sacred alternatives to political and religious ideologies Are they what Shelley in 1821 called the unacknowledged legislators of the World And what might that mean During the decades immediately preceding the Revolution of 1789 the status of contemporary poetry in France was at its lowest ebb At the same time the perceived power of the writer to influence public events reached a high water mark with Voltaire s triumphant return to Paris in 1778 In the course of the next century French poetry enjoyed an extraordinary renaissance and flowering perhaps its greatest But what of the poet s public influence In 1881 the people of Paris processed for six hours past the home of Victor Hugo on the occasion of his 79th birthday and in 1885 an estimated two million people witnessed his state funeral But who or what were they acknowledging Poetry or republicanism Or perhaps their own power For with each Revolution that passed 1789 1830 1848 French poets themselves felt increasingly marginalised This study addresses the first part of this story and focuses on the role and function of the poet during the so called Romantic Period Beginning with an account of the literary climate in pre revolutionary France it then maps the changes in that climate wrought by the events of the 1789 Revolution It describes the new politico literary agendas set by Chateaubriand and others on the monarchist Right and by Sta l and others on the liberal Left Against this background it then analyses in detail the poetic output and public exploits of the three major French poets of the period Lamartine Hugo and Vigny The Romantic figure of the poet as prophet and magus is habitually dismissed as a cliché But by focusing on the role of the poet as lawgiver this book reveals the rich and complex terms in which the public function of poetry was debated in post revolutionary France and how amidst the centenary celebrations of 1889 as Romanticism gave way to Symbolism the poet as lawgiver continued to play a central part in that debate **XVIIth**
