Exploring Time And Place Through Play

Hilary Cooper

Exploring Time And Place Through Play:

Exploring Time and Place Through Play Hilary Cooper,2012-09-10 This book is packed with fun and exciting activities that enable the child to make sense of the world that they live in and relate it to their own experiences in order to enhance their personal and social development

Teaching History Creatively Hilary Cooper,2016-11-10 The fully updated second edition of Teaching History Creatively introduces teachers to the wealth of available approaches to historical enquiry ensuring creative effective learning This book clearly sets out the processes of historical enquiry demonstrating how these are integrally linked with key criteria of creativity and helps readers to employ those features of creativity in the classroom Underpinned by theory and research it offers informed and practical support and is illustrated throughout with examples of children s work Key themes addressed include investigating sources using archives in your own research project becoming historical agents and history detectives drama for exploring events myths and legends communicating historical understanding creatively With brand new chapters from the Stone Ages to the Iron Age using prehistoric sources The withdrawal of the Romans and the conquest and settlement of Britain by the Anglo Saxons in addition to many new case studies this exciting edition puts an emphasis on accessible recent research new evidence and interpretations and encourages the creative dynamism of the study of history Teaching History Creatively provides vivid and rich examples of the creative use of sources of approaches to understanding chronology and concepts of time and of strategies to create interpretations It is an essential purchase for any teacher or educator who wishes to embed creative approaches to teaching history in their classroom

History 3-11 Hilary Cooper,2006-11-21 Replacing the bestselling The Teaching of History in Primary Schools acclaimed author Hilary Cooper returns with this invaluable resource showing how to sustain a dynamic history curriculum in the classroom

Teaching History 11-18 Husbands, Chris,Kitson, Alison,2010-07-01 This book provides a comprehensive and radical guide to the challenges facing history and history teaching in contemporary schools

Teaching History 11 - 18 Chris Husbands,Alison Kitson,2010-07-16 Teaching History 11 18 is a comprehensive introduction to teaching learning and assessing history in secondary schools Drawing on cutting edge research and practice it draws together recent thinking in teaching and learning in history teaching and learning in secondary education more generally and classroom based research to provide a radical re thinking of the practices of teaching and learning about the past at the beginning of the twenty first century At the core of the book is a focus on diversity and its implications the diversity of classrooms in English schools cultural diversity and pluralism in accounts of the past and the diversity of pedagogic and communicative strategies at the disposal of teachers The book is realistic about the challenges a precarious place in the curriculum pupil disaffection bitter ideological debates about the purpose place and status of history but offers a forward looking rationale for the centrality of the past in debates about identity social cohesion and persona and social education

Developing Thinking and Understanding in Young Children Sue Robson,2019-09-10 The third edition of this

essential book presents a comprehensive and accessible overview of contemporary theory and research about young children s developing thinking and understanding Sue Robson s detailed exploration of the ideas and theories is enlivened by transcripts of children s activities and conversations taken from practice and contemporary research helping readers to make links between theory research and practice This new edition brings together up to date research into neuroscience and digital learning combining theory with discussions for best practice Each chapter also includes ideas for further reading and suggested activities Key chapters explore the following Theories of cognitive development The social emotional and cultural contexts of children s thinking Developments in brain science and young children The central roles of play and language in young children s developing thinking Children s conceptual development visual thinking and thinking in music This book is crucial reading for all those interested in how young children develop through their thoughts and actions including students of Early Years studies teachers and early years practitioners History 5-11 Hilary Cooper,2012 Rev ed of History 3 11 Abingdon UK David Fulton 2006 *Teaching Early Years Foundation Stage* Jo Basford,Elaine Hodson,2008-07-07 The Early Years Foundation Stage EYFS came into force in September 2008 and established a framework for providing learning development and care for children from birth to five This book examines the EYFS within the context of Achieving QTS and is a core text for primary trainees covering this stage of children s learning It links the principles and commitments of the EYFS with the new standards for QTS while covering all required content The book examines the continuous nature of learning from birth to five the inter relatedness between care learning and development and the importance of sensitive transitions

The Early Years Foundation Stage Ioanna Palaiologou,2009-11-25 Palaiologou has chosen essays for this collection which will stimulate critical awareness and discussion of the early years foundation stage She provides an interesting background to the politics policy and legislation which underpin and inform the EYFS This book covers policy and pedagogy assessment communication and more **Teaching History in Primary Schools** Pat Hoodless,2008-07-30 This book introduces trainees and newly qualified teachers to the teaching of history in primary schools and covers key concepts skills and knowledge for the history curriculum at Foundation Stage KS1 and KS2 Contents include planning teaching and learning strategies assessment reflection and evaluation as well as a range of practical ideas for classroom activities and cross curricular themes Each chapter is underpinned by national and international research also included are links to important themes such as citizenship out of school learning sustainability diversity and inclusive practice Throughout content is related to new initiatives such as Every Child Matters and Excellence and Enjoyment **Cross-curricular Approaches to Teaching and Learning** Chris Rowley,Hilary Cooper,2009-09-14 What would the primary curriculum look like with humanities at its heart How can cross curricular work help children to learn more effectively With practical ideas on how to join up the primary curriculum this book uses history and geography to explore different contexts and strategies for making links between the full range of primary subjects so that learning can be more integrated and relevant to learners The authors

demonstrate how these subjects can serve as the basis upon which values can be developed in the curriculum There are powerful case studies including examples of pupils work and talk and teachers reflections Additional materials to accompany the book can be found at www.sagepub.co.uk/rowleyandcooper Written by a group of practising teachers and university tutors this book will be invaluable to primary teachers student teachers and all those involved in curriculum design Chris Rowley is Senior Lecturer in and Geographical and Environmental Education at the University of Cumbria UK Dr Hilary Cooper is Professor of History and Pedagogy at the University of Cumbria UK [Making Humanities and Social Sciences Come Alive](#) Deborah Green, Deborah Price, 2019-02-14 Prepares readers to become high quality humanities and social sciences educators for early childhood and primary contexts **Teaching Primary Geography** Simon Catling, Tessa Willy, 2010-07-21 Written with reference to the 2007 Professional Standards for the Award of QTS and initiatives such as the Primary National Strategy each chapter offers practical guidance on topics such as planning assessment and the creation of resources It provides summaries of key topics in primary geography including the study of places environmental sustainability learning beyond the classroom global issues citizenship and cross curricular approaches to promote children s subject knowledge well being and learning within primary geography With research summaries practical and reflective tasks and classroom examples this book helps trainees and NQTs teach primary geography confidently and creatively throughout the primary school [Communication, Language and Literacy from Birth to Five](#) Avril Brock, Carolyn Rankin, 2008-04-08 With the introduction of the new Early Years Foundation Stage in 2008 practitioners need to be able to meet the needs of all young children in the six areas of learning one of which is communication language and literacy This book helps the reader develop their knowledge skills and practice in encouraging and promoting communication language and literacy for babies and young children It includes activities examples case studies and ideas from actual practice guidance on how to meet children s diverse needs in an inclusive environment advice on involving parents in their children s learning resources useful websites and suggestions for further reading This book is a must read for anyone working with children from birth to five

Pedagogy, Learning, and Creativity Maria Ampartzaki, Michail Kalogiannakis, 2023-10-11 The chapters in this book explore the methods by which the many aspects of creative pedagogy might be implemented in the context of teaching and learning One chapter proposes a creative approach to studying local history while another suggests a pedagogical framework for coding education that has the potential to foster the development of creative thinking abilities and equip individuals to actively participate in global affairs The utilization of case studies in the field of Citizen Science demonstrates the implementation of a comprehensive and innovative learning framework that incorporates several sensory modalities Another chapter demonstrates the potential of maker spaces in fostering active and creative learning as well as enhancing student engagement among underrepresented and minority populations One chapter explores the emergence of flow in STEAM activities as a means to promote heightened levels of comprehension and active engagement in science education The book

concludes with the presentation of two scholarly studies on the implementation of creative pedagogy within the context of Higher Education The first study explores the advantages of collaborative creativity within the bachelor of social work programs The second delves into the pursuit of an innovative design that effectively connects the curriculum with the work environment resulting in the integration of valuable educational content inside professional settings

Professional Studies in Primary Education Hilary Cooper,2014-03-11 This textbook provides a wide ranging overview of everything you will need to know to prepare you for initial teacher training and your early career in the primary classroom Covering practical issues including planning assessment and classroom organisation and thought provoking topics such as reflecting on your own teaching practice and developing critical thinking skills this textbook gives you a pragmatic and insightful understanding of teaching in primary schools Key new edition features Updated coverage of education policy Links to the Teachers Standards A new Work in Schools feature addressing key issues student teachers encounter Extended coverage of planning and assessment A new chapter on workplace learning exploring how to develop as a classroom professional Coverage of differences in teaching throughout the UK This is essential reading for all students on primary initial teacher education courses including university based PGCE Bed BA with QTS and schools based School Direct SCITT routes into teaching Additional online resources at www.uk.sagepub.com/cooper There are also updated free resources supporting and extending chapters including activities case studies further reading and useful web links Hilary Cooper is Professor Emeritus of History and Pedagogy at the University of Cumbria

Teaching Primary Humanities Russell Grigg,Sioned V Hughes,2018-09-17 The second edition of Teaching Primary Humanities which focuses on history geography and religious education has been fully updated to reflect policy developments and recent curriculum changes throughout the United Kingdom The authors reaffirm the importance of teaching the humanities in a fast changing world This is a book packed full of practical ideas to make learning enjoyable challenging and relevant This revised edition features An extended critique of fundamental British values and how these could be taught The role of the humanities in teaching critical literacy skills in an era of fake news A focus on the key concepts of time place and community in the Early Years New suggestions for professional learning and development Guidance on realistic planning and assessment for busy teachers Links to the most useful updated websites and resources Chapters include tasks research briefings and points for reflection to stimulate further thinking Teaching Primary Humanities should be essential reading for trainee teachers and experienced practitioners looking for support and inspiration to showcase the contribution of the humanities to children s all round education

Bringing History Alive through Local People and Places Lynne Dixon,Alison Hales,2013-12-04 A much needed and delightful book It shows how history can be taught with the meaningful experiences of each child at its centre making connections between the child the locality and community the national and global past and concepts of time Throughout the authors empower teachers to adopt their philosophy by showing them how to plan select resources and strategies and reflect

on ideas and case studies Hilary Cooper Emeritus professor of history and pedagogy The University of Cumbria UK Bringing History Alive through Local People and Places puts the local environment and community at the heart of history showing how it can be used as the context for successful history teaching across the primary age range It considers how to develop children s concepts and skills through local history how to link local national and global aspects of history and helps you develop your own historical knowledge understanding and confidence in teaching the subject Practical topics explored include Investigating children s cultural and geographical roots through fieldwork Finding and visiting local museums archives and heritage sights Choosing and using resources Using significant people events and buildings to link with national history Environmental education and sustainable development through local history Understanding the links between history and everyday life Planning and assessing history Based on the latest research and practice in the field Bringing History Alive through Local People and Places offers an exciting template of creative ideas and activities to show teachers how they can make history relevant to all children

Exploring Mathematics Through Play in the Early Childhood Classroom Amy Noelle Parks, 2015-04-28 This practical book provides pre and inservice teachers with an understanding of how math can be learned through play The author helps teachers to recognize the mathematical learning that occurs during play to develop strategies for mathematizing that play and to design formal lessons that make connections between mathematics and play Common Core State Standards are addressed throughout the text to demonstrate the ways in which play is critical to standards based mathematics teaching and to help teachers become more familiar with these standards Classroom examples illustrate that unlike most formal tasks play offers children opportunities to solve nonroutine problems and to demonstrate a variety of mathematical ways of thinking such as perseverance and attention to precision This book will help put play back into the early childhood classroom where it belongs

Book Features Makes explicit connections to play and the Common Core State Standards in Mathematics Offers many examples of free play activities in which mathematics can be highlighted as well as formal lessons that are inspired by play Provides strategies for making assessments more playful helping teachers meet increasing demands for assessment data while also reducing child stress Includes highlight boxes with recommended resources questions for reflection key research findings vocabulary lesson plan templates and more This is one of those books that I wish I had written It is smart readable relevant and authentically focused on children From the Foreword by Elizabeth Graue Sorenson Professor of Early Childhood Education University of Wisconsin In this deceptively easy to read book Amy Parks explains two things that could make a world of difference in early childhood and elementary classrooms Mathematics isn t something in a workbook it s a fascinating part of the real world And playing in school isn t a luxury it s an essential context for learning about all sorts of things including mathematics Through vignettes of children learning mathematics as they play Parks helps teachers recognize their answerability to the moment eschewing someone else s determination of best practice in favor of what works with actual children eager to learn mathematics Rebecca New School of Education University

of North Carolina at Chapel Hill History in the Early Years Hilary Cooper, 2002 History in the Early Years is an innovative and accessible guide to helping young children explore the past through their environment family history and story It shows how the requirements of the early years curriculum can be met
