- Sleepwell the night before; you do not want to be groggy, sleepy or lazy during this test.
- Eat breakfast. When you don't eat your brain (the first part of your body) to suffer.
- Relax & Let it Go. No one in the history of the world does anything better when they are freaking out. Except maybe Einstein in 1915. If there is something going on outside of school, in your personal life, or you're mad at someone in school, stop it now. That time. You have a few hours to show off all of your hard work, letting someone or something get in your way is being stupid.
