self expression In examining the folklore around these controversial and politically charged tools weapons and symbols we can begin to understand aspects of American culture that will remain prominent for the foreseeable future *Outgunned* Peter Harry Brown, Daniel G. Abel, 2010-06-15 Ours is a nation in the grip of a strange kind of mania Why after President Reagan was shot was there virtually no handgun legislation Why after the Columbine massacre in Littleton Colorado was nothing done to regulate the tools that children most frequently use to kill one another Why was there no legislative response after a six year old in Flint Michigan shot a classmate with a 32 caliber pocket rocket Tragedy follows tragedy with twelve children shot dead every day in America but guns remain less regulated than automobiles Why As authors Peter Harry Brown and Daniel G Abel in this powerful book demonstrate it is because of the terrible power of the gun coalition *Outgunned* begins with the story of Wendell Gauthier the master of disaster attorney who brought down the tobacco industry to the tune of billions and then turned his attention to guns He struck fear into the hearts of the gun manufacturers as he set out to make gunmakers bear some liability for the killings caused by the often poorly made inaccurate handguns they marketed to criminals Coauthor Daniel G Abel worked for Gauthier along with other attorneys as the gun control campaign gathered momentum This legal initiative seemed to be about to make history and change the face of violence in America but sadly Wendell Gauthier died of cancer before meaningful gun control could be established More than thirty class action suits against gun manufacturers now languish in courtroom paralysis while as many Saturday night specials as ever are being made What happened Brown and Abel demonstrate how the pro gun forces once again curbed the will of a nation This book shows the enormous power of the NRA how it killed pending legislation in Congress hijacked the Campaign Act to fund the George W Bush presidential election victory and eviscerated the American Shooting Sports Council That association and the gun manufacturers actually wanted to compromise and agree to new handgun laws implicitly accepting some liability but the NRA leadership with Charlton Heston as their president crushed them In *Outgunned* Brown and Abel uncover how NRA lobbyists were instrumental in stopping Smith Wesson in its tracks They show how the tendrils of the NRA reach into the Christian Alliance and Republican Party and how men like John McCain have fought back and been undermined *Outgunned* reveals how the NRA began dealing with President George W Bush when he was still governor of Texas prodding him into signing a shocking prohibition against the kind of suits Gauthier brought against the gun manufacturers *Outgunned* is the story of a legal crusade with up close accounts of the people who fought every step of the way For those who believe in the importance of stopping unnecessary bloodshed this book is essential powerful and urgent **Visual Information For Everyday Use** Harms Zwaga, T. The Holiday Makers Richard K. Popp, 2012-05-16 Between the 1930s and 1960s the spread of new transportation networks and the democratization of paid vacations struck many observers as a sign that tourism was growing into a folkway of modern American life Easy mobility and free time lay at the heart of this idealized vision and vacations were seen as a ritualized expression of the movement and egalitarianism that characterized midcentury modernity *The Holiday Makers* tells the story of how advertisers sold tourist travel in popular magazines during this era transforming consumer culture in the process
