

6 GOLF CLUBS

A COMPREHENSIVE GUIDE TO TYPES AND USES

Drivers

The longest club in a golfer's bag, the driver is used for the first shot on par-4s and par-5s. It's designed to hit the ball the farthest distance off the tee.

Fairway Woods

Fairway woods are essential clubs in a golfer's arsenal, renowned for their ability to deliver long, accurate shots from the fairway.

Hybrid Woods

Hybrid woods seamlessly blend the precision of irons with the distance of fairway woods, making them versatile tools for various shots on the golf course.

Irons

These are numbered from 1 to 9, with the 1-iron having the least loft and the 9-iron having the most. Each iron is used for specific distances and shot types. Lower-numbered irons are used for longer shots, while higher-numbered irons are used for shorter approach shots.

Putters

The most essential club for the short game, putters are used on the green to roll the ball into the hole. They have very low lofts and are designed for accuracy and control.

Wedges

These clubs have the highest lofts and are used for short approach shots and getting out of hazards like bunkers. They include pitching wedges, sand wedges, and lob wedges.
