When saying goodbye is impossible Yesterday Eva Martin had had a weakness for bad boys Eight years ago Evangeline had

is determined to close the door on the past When Raoul walks back into her life calling himself Nicholas Jones he s the last  
man she wants to trust with her heart Unfortunately he s a high stakes player in a deadly game of power and intrigue and his  
enemy is using Eva as a bargaining chip When Nicholas abducts her to save her she fights him every step of the way But  
when the danger is past can she say goodbye again to the one man she s always loved Reviews The Goodbye Child is a

on the heels of urgent struggle autonomy calls to us How might we excavate the theory and history of autonomous politics to  
arrive at new possibilities for radical democracy and the radical imaginary How can we rethink the ways in which artistic  
autonomy is theorized and practiced beyond the shrunken horizon of liberal individualism How might we understand political  
and artistic autonomies as linked rather than diametrically opposed And what role does radical pedagogy have to play in all  
of this Framed by the thought of Cornelius Castoriadis and engaging with Marxist Black Radical and Feminist approaches to  
liberation as well as movements such as Occupy Black Lives Matter Me Too Letters on the Autonomy Project understands  
autonomy to be the capacity of a society a community or an individual to modify its form As Castoriadis argues the struggle  
for self determination requires unlimited questioning of the way things are but also that we do or make something new in  
light of this interrogation Autonomy is thus equally a project for thought for education for politics and for art Provided by
