Of the Law of Nature and Nations Samuel Freiherr von Pufendorf, 1717 **Live Stock Journal**, 1892 Development According to Parents W. Andrews Collins, Jacqueline J. Goodnow, 2014-01-02 To their everyday life with children parents bring a number of ideas about development and about parenting Some of these ideas are about their own children and about themselves as parents Others are more general ideas for instance about what babies are like how children change with age what kinds of affection and control they need the responsibilities of mothers and fathers or the degree of influence each parent has over the way a child develops Moreover the ideas that parents hold shape their actions with children and the way they assess both their children and their own performance as parents With the recognition of parental thinking as a powerful factor in family life research has turned to the study of this everyday or informal psychology Some of the studies deal with the nature of parents ideas What ideas are held Which are most widely shared How do these ideas differ from one another Some deal with the sources of parents ideas with the factors that give rise to differences among parents from different backgrounds different cultures different economic groups different degrees of experience with children Others concentrate on the consequences of parents ideas for themselves and for children This monograph summarizes the research with an eye to several audiences researchers clinicians educators and with an emphasis on the questions that remain A major goal is to point not only to significant gaps but also to some specific ways in which they might be addressed by further research

Founding Fathers: Atheists? Deists? Are You Sure? Ray Strobo, 2017-08-31 What's this book about It's about TRUTH According to the Internet and the media the Founding Fathers were deists and atheists That is NOT TRUE The Historical Record is clear The Signers of the Declaration of Independence an exemplar of the Founding Fathers were for the most part men of religious faith The reader is directed to hundreds of historical references many accessible online which tell us the

TRUTH that none of the Signers of the Declaration were publicly professing atheists and only a handful of them were ever publicly categorized as deists in their day And most of those characterizations were NOT TRUE The author spent years researching this subject and gathering data about the Signers from biographies wills magazine articles newspaper articles personal correspondence speeches legislation first hand testimonials obituaries eulogies tombstone engravings and character studies The overall conclusion from these sources is inescapable Religion played a significant role in the private and public lives of most of these patriots The religion of their day in the British North American colonies was Christianity Meet these Signers for yourself all 56 of them See them as real people ordinary men in many cases called on to do extraordinary things in the face of overwhelming odds Hear them give credit to the interposition of God as they overcame those odds See TRUTH through their eyes and through the eyes of people who knew them or researched them

Becoming Mobius Dr Debra Kidd,2015-06-10 Becoming Mobius is about living with uncertainty Uncertainty is a state of being that many people struggle with both in day to day life and in education being uncertain has almost become a sin If we are truly to have an education system that works we need to accept that learning and life are not simple and we need to engage with difficult and complex ideas Focusing on the process of learning and teaching Dr Debra Kidd posits the possibility that wondering and wandering teachers might impact greatly on a child s ability to live with and thrive among uncertainties She asks of us not only as teachers or researchers but simply as human beings what are the things that affect us and how can we remain attuned to all their possibilities while still functioning Taking cues from neuroscience physi anthropology and philosophy particularly that of Gilles Deleuze and Felix Guattari but also Hannah Arendt Jacques Derrida Michel Foucault and others Dr Kidd explores the nature and purpose of education through a series of different lenses Details moments interactions and relationships are put under the microscope and their effects on teaching and learning examined Becoming Mobius started life as Debra Kidd s doctoral thesis and draws on her extensive classroom experience her own observations and research and a broad base of educational thought including the work of Gert Biesta Masny s Multiple Literacies and more In Becoming Mobius each chapter is presented as a plateau and maps the complexities of teaching and learning This is a journey through a landscape of education It is not a straight route It is not a cop out It is a means of living in with and through complexity and multiplicity It is an attempt to bring forward a fresh vision of education This is an honest challenging and incredibly profound book that makes you stop and think deeply about what you do why you do it and the effect it has You will never look at teaching in the same light again For anyone interested in thinking deeply about education

Handbook of Juvenile Justice Barbara Sims,Pamela Preston,2006-05-05 Too often professionals in public policy or criminal justice must scramble to find additional reading on juvenile law and justice or on juvenile delinquency topics because most references and textbooks provide inadequate coverage of many issues of importance The Handbook of Juvenile Justice Theory and Practice responds to this need by prov

Walker United States Centennial Commission, 1880 **The National Live-stock Journal**, 1875 *Roscoe's Digest of the Law of Evidence on the Trial of Actions at Nisi Prius* Henry Roscoe, 1879 "This Is a Great Book!" Larry Swartz, Shelley Stagg

Peterson, 2015-10-08 This Is a Great Book champions the belief that having a wide range of great books to read is essential to students becoming readers both inside the classroom and beyond Based on extensive research this highly readable book explores a range of recommended titles that cover a spectrum of developmental stages from early chapter books to young adult novels The 101 literacy events outlined within include a wealth of practical strategies more than fifty reproducible activities assessment profiles and inventories for easy classroom use Committed to nurturing the love of reading this passionate book invites readers to dig deeper by responding through writing discussion the arts media and more Special attention is given to the world of leisure reading where readers make choices based on their preferences and tastes as they build a lifelong interest in fiction that will enrich their lives **Literature, Videogames and Learning** Andrew

Burn, 2021-06-29 This innovative book explores links between literature and videogames and how designing and playing games can transform our understanding of literature It shows how studying literature through the lens of videogames can provide new insights into narrative and creative engagement with the text The book sets out theories of narrative aesthetics and multimodality in literature and videogames alongside models of literacy needed for such cultural and creative engagement It goes on to examine game adaptations of children's literature and a series of videogames made by students based on Beowulf and Macbeth In each case the book considers ways in which the original text has been transformed by the process of game design and what fresh light this casts on the literary narrative It also considers what kind of learning creative production and cultural engagement is apparent in the game designs and emphasises the importance of treating games as a narrative medium in their own right With a unique approach to the aesthetics of narrative in literature and videogames the book will be of great interest to researchers academics and post graduate students in the fields of literature pedagogy and game studies
