Standing Stephen Leather, 2023-01-05 The SAS are used to deaths during combat it goes with the turf But when one of their own is said to have committed suicide in Thailand red flags are raised Pete Green wasn t the sort of soldier who would ever take his own life and no one is more sure of that than his twin brother Davie Davie is determined to fly to the Land Of Smiles to find out what really happened to his twin brother But if he is going to find out the truth he ll need help the sort of help only SAS Sergeant Matt Standing can provide But soon after they arrive they come under attack leaving Standing to investigate on his own There are clearly people who want to shut down all enquiries and Standing knows he will have to use all his SAS jungle skills to survive This will be the toughest of assignments but nothing will come between him and the truth

Confessions of the Pricing Man Hermann Simon, 2015-10-20 The world s foremost expert on pricing strategy shows how this mysterious process works and how to maximize value through pricing to company and customer In all walks of life we constantly make decisions about whether something is worth our money or our time or try to convince others to part with their money or their time Price is the place where value and money meet From the global release of the latest electronic gadget to the bewildering gyrations of oil futures to markdowns at the bargain store price is the most powerful and pervasive economic force in our day to day lives and one of the least understood The recipe for successful pricing often sounds like an

exotic cocktail with equal parts psychology economics strategy tools and incentives stirred up together usually with just enough math to sour the taste That leads managers to water down the drink with hunches and rules of thumb or leave out the parts with which they don t feel comfortable While this makes for a sweeter drink it often lacks the punch to have an impact on the customer or on the business It doesn t have to be that way though as Hermann Simon illustrates through dozens of stories collected over four decades in the trenches and behind the scenes A world renowned speaker on pricing and a trusted advisor to Fortune 500 executives Simon s lifelong journey has taken him from rural farmers markets to a distinguished academic career to a long second career as an entrepreneur and management consultant to companies large and small throughout the world Along the way he has learned from Nobel Prize winners and leading management gurus and helped countless managers and executives use pricing as a way to create new markets grow their businesses and gain a sustained competitive advantage He also learned some tough personal lessons about value how people perceive it and how people profit from it In this engaging and practical narrative Simon leaves nothing out of the pricing cocktail but still makes it go down smoothly and leaves you wanting to learn more and do more as a consumer or as a business person You will never look at pricing the same way again *AdrenalineMoto | Street Motorcycle PU Catalog 2014* Parts-Unlimited Motorcycle Parts & Gear,LeMans Corporation - All Rights Reserved,2014-01-01 AdrenalineMoto is an authorized dealer of Parts Unlimited and claims no ownership or rights to this catalog The Parts Unlimited 2014 Street catalog is more than just a book It is designed to help you and your customers get the most out of your passion for powersports It showcases the new exciting in demand products as well as highlighting trusted favorites The well organized catalog sections make it easy to find the items you want And every part is supported with the latest fitment information and technical updates available Looking for tires See the Drag Specialties Parts Unlimited Tire catalog It has tires tire accessories and tire wheel service tools from all the top brands And for riding gear or casual wear see the Drag Specialties Parts Unlimited Helmet Apparel catalog Combine all three catalogs for the most complete powersports resource of 2014 [EcoDesign for Sustainable Products, Services and Social Systems II](#) Shinichi Fukushige,Hideki Kobayashi,Eiji Yamasue,Keishiro Hara,2024-04-16 This 2 volume book highlights cutting edge ecodesign research and covers broad areas ranging from individual product and service design to social system design It includes business and policy design circular production life cycle design and management digitalization for sustainable manufacturing user behavior and health ecodesign of social infrastructure sustainability education sustainability indicators and energy system design Featuring selected papers presented at EcoDesign 2021 12th International Symposium on Environmentally Conscious Design and Inverse Manufacturing it also includes diverse interdisciplinary approaches to foster ecodesign research and activities In the context of Sustainable Development Goals SDGs in particular SDG 12 Responsible Consumption and Production it addresses design innovations for sustainable value creation considering technological developments legislation and consumer lifestyles Further the book discusses the concept of circular economy
