HINTS FOR REPAIRS

In the event of complaints about a poor shaving quality and the absence of damages to the shaving unit, there is a possibility of the trimmer stroke having become too small owing to pollution. A drop of thin oil on the foil and trimmers is likely to remedy this defect.

As a synchronous motor has been used in these appliances, complaints may be made about the noise level, especially when shaving unit or accessories are not fitted on the appliance. This noise is characteristic of the application of this motor, and cannot be remedied through repair.

TECHNICAL DATA
