Hyperion Brio Manual:

Tableau Training Manual Version 9.0 Advanced Larry Keller, 2015-12-02 Now in its 6th edition with version 9.0 my goals remain the same to write this document through the eyes of the average and advanced users Early on the average Tableau user can be overwhelmed by the array of features and functions that repeatedly use menus or right click options to yet another set of choices This manual is intended for new users who range from days to a few months It was not written for those who seek Tableau Certification s or highly advanced users It does contain some lessons that introduce advanced material to enable the user to see what the future can be with Tableau The manual begins at a level geared to the average user and is written in simple language unaffected by a need to promote extraneous features I believe and our customers tell me that this manual provides the best examples and descriptions in a step by step process that is the most efficient way to learn about Tableau An array of Tableau Packaged Workbooks software examples complements the written word in the manual These Workbooks present the end result of following the lessons step by step

Hybrid-Context Instructional Model Udeme T. Ndon, 2010-10-01 This book is a product of a dissertation project that was completed in December 2006 This project investigated teachers experiences in relation to teaching and learning using the hybrid context instructional model The dissertation itself has been noted as one of the best in providing practical tips for teachers in this area The study methodology is included as appendix B To answer the questions raised during the interviews the findings of the study have been supplemented and supported with extensive literature review of empirical studies to provide theoretical and practical solutions The literature review draws from total Internet blended and hybrid instruction studies The literature on the total Internet instruction has relevance in that the Internet piece of the hybrid context course shares the same course management systems and requires the same approaches and principles as do total Internet instruction The book discusses the conceptual and descriptive presentations of the hybrid context model media applicable teaching philosophies strategies best accomplished in each medium various ways of linking the face to face and the Internet activities the why and how the study participants transitioned into teaching hybrid context courses teachers expectations etc The discussion on labor of love is the core of this book as the discussion has captured the surprises the study participants met in a way that is not reflected in the current literature Built into this discussion are the amounts of things teachers had to learn in order to function well as hybrid context model teachers The contents of this book will aide teachers who teach in any way using the Internet Therefore

any establishment individual using the Internet for teaching and learning will benefit from the contents of this book Also the administrators will find this book a selling point to encourage more participation in the adoption of the hybrid context instructional model as well as realizing what the teachers would need to successfully implement this phenomenon
