Not Your Average Zombie Chera Kee, 2017-09-05 The zombie apocalypse hasn't happened yet but zombies are all over popular culture From movies and TV shows to video games and zombie walks the undead stalk through our collective fantasies What is it about zombies that exerts such a powerful fascination In *Not Your Average Zombie* Chera Kee offers an innovative answer by looking at zombies that don't conform to the stereotypes of mindless slaves or flesh eating cannibals Zombies who think who speak and who feel love can be sympathetic and even politically powerful she asserts Kee analyzes zombies in popular culture from 1930s depictions of zombies in voodoo rituals to contemporary film and television comic books video games and fan practices such as zombie walks She discusses how the zombie has embodied our fears of losing the self through slavery and cannibalism and shows how extra ordinary zombies defy that loss of free will by refusing to be dehumanized By challenging their masters falling in love and leading rebellions extra ordinary zombies become figures of liberation and resistance Kee also thoroughly investigates how representations of racial and gendered identities in zombie texts offer opportunities for living people to gain agency over their lives *Not Your Average Zombie* thus deepens and broadens our understanding of how media producers and consumers take up and use these undead figures to make political interventions in the world of the living

The Legacy of George W Bush (A Collection of Conflicting Opinions) John Crippen, 2009-01-22 Can a man's legacy be drawn from an eight year period in time What kind of a footprint has GWB left on the American people or the world for that matter Has he served his country well by protecting us from terrorism or has he alienated America from the rest of the world Has he acted as a Christian in his role as President of the United States or has he misused the Bible as a means of procuring votes and evoking war Was the rebuilding of Iraq set in motion years before the Twin Towers tragedy or was this a rapid decision based on an emergent circumstance I have tried to keep this debate as original as possible That includes errors in grammar punctuation and spelling I have also tried to collect them in a somewhat chronological method in order to keep a level playing field I have simply collected publicly posted comments of others from open sources

Executive-legislative (Im)balance in the European Union Diane Fromage,Anna Herranz-Surrallés,2021-02-11 Ten years after the entry into force of the Lisbon Treaty has executive predominance in EU related matters disappeared How have executive legislative relations in the EU evolved over a crisis ridden decade from the financial and migration crises to Brexit and the COVID 19 pandemic The Lisbon Treaty could be expected to lead to the re balancing of powers in favour of parliaments for it significantly enhanced the roles of both the European Parliament and national parliaments A decade later the contributions to this edited volume examine for the first time in such an extensive breadth and from a multi level and cross policy perspective whether this has actually materialised They highlight that diverging tendencies may be observed and that important variations over time have occurred depending

particularly on the occurrence of crises As stated in the fascinating epilogue by Peter Lindseth University of Connecticut School of Law this is an admirably coherent collective volume whose contributions provide an excellent overview of key aspects of executive legislative relations in the European system since the Treaty of Lisbon This edited volume will hence be of interest to both academics and practitioners interested in future reforms designed at the European and national levels to improve the EU s democratic quality

Death is Served Stella Castelli,2023-02-06 The American cultural imaginary is hungry for death and thus representations of death are prominently repeated and serialized in US literature and media Stella Castelli shows how American culture fetishizes death as part of a repetition compulsion which stems from the inability of language to satisfactorily grasp death Taking an intermedial approach she investigates the forms and tropes born from this preoccupation with death and conceptualizes its imagination alongside an appetite which manifests as repetitive encoding These metaphors of food consumption provide a hermeneutic framing for analyzing representations of death across American literature and media

Staging Decadence Adam Alston,2023-09-07 Winner of the 2024 TaPRA David Bradby Monograph Prize How is decadence being staged today as a practice issue pejorative and as a site of pleasure Where might we find it why might we look for it and who is decadence for This book is the first monographic study of decadence in theatre and performance Adam Alston makes a passionate case for the contemporary relevance of decadence in the thick of a resurgent culture war by focusing on its antithetical relationship to capitalist led growth progress and intensified productivity He argues that the qualities used to disparage the study and practice of theatre and performance are the very things we should embrace in celebrating their value namely their spectacular uselessness wastefulness outmodedness and abundant potential for producing forms of creativity that flow away from the ends and excesses of capitalism Alston covers an eclectic range of examples by Julia Bardsley UK Hasard Le Sin
