I Suck At Writing How To Transform Insecurity Into Confidence:

The Psychology of Insecurity Joseph P. Forgas, William D. Crano, Klaus Fiedler, 2023-05-23 Insecurity is an inevitable part of being human. Although life is insecure for every organism, humans alone are burdened by knowing that this is so. This ground-breaking volume features contributions by leading international researchers exploring the social psychology of insecurity and how existential, metaphysical, and social uncertainty influence human social behaviour. Chapters in the book investigate the psychological origins of insecurity, evolutionary theorizing about the functions of insecurity, the motivational strategies people adopt to manage insecurity, self-regulation strategies, the role of insecurity in the formation and maintenance of social relationships, and the influence of insecurity and uncertainty on the organization of larger social systems and public affairs. The chapters also discuss how insecurity influences many areas of contemporary social life, highlighting the applied implications of this line of research. Topics covered include the role of insecurity in social communication, social judgments, decision making, group identification, morality, interpersonal behaviour, relationships, attitudes, and many applied aspects of social life and politics where understanding the psychology of insecurity is of critical importance. This accessible and engaging book will be of interest to students, researchers, and practitioners as a textbook or reference book in behavioural and social science fields as well as to a broad spectrum of intelligent lay audiences seeking to understand one of the most intriguing issues that shapes human social life. When Good People Write Bad Sentences

Robert W. Harris, 2013-08-27 At last, help for writers who can admit they have a problem. Do you get a lift by dangling a participle? Has your punctuation ever caused difficulties at home or at work? Do you consider yourself just a social misspeller? These are just a few of the warning signs that you might have an addiction to bad writing. But fear not! This practical guide to eliminating bad writing habits will put you on the path to recovery. Filled with accessible advice and examples, this powerful 12-step program identifies the most common writing mistakes and offers simple ways to correct them. Here you can learn to overcome wordiness, formality, incompleteness, and other problems that stand in the way of clear communication. And as you learn to eliminate ineffective sentences, you'll be writing off jargon, mixed metaphors, clichés, and more. The advice in this ingenious and useful book has helped Tom G. Martha D. and Cathy W. write more clearly, confidently, and persuasively. It can do the same for you, whether you write for school work or pleasure. If you've tried other programs only to fall back on bad habits, let *Standard English* be your guide. This book will show you how. Get ready to improve your writing skills, one sentence at a time, their real names. Fire on the Island Tom Bratrud, 2022-04-08

In 2014, the island of Ahamb in Vanuatu became the scene of a startling Christian revival movement led by thirty children with spiritual vision. However, it ended dramatically when two men believed to be sorcerers and responsible for much of the society's problems were hung by persons fearing for the island's future security. Based on twenty months of ethnographic fieldwork on Ahamb between 2010 and 2017, this book investigates how upheavals like the Ahamb revival can emerge to address and sometimes resolve social problems, but also

carry risks of exacerbating the same problems they arise to address
