

Paper 1 Analysis

Text 1 is an extract from the book 'The Old Ways' written by Robert Macfarlane, in 2012 and Text 2 is a famous poem called 'The Road Not Taken' by Robert Frost and was published in 1916. Both texts share a similar theme – which is the theme of journey. In Text 1 the narrator talks about his own journey in the fields which he used to visit when he was a young boy while Text 2 talks about the choices the narrator has to make in his life.

Although both texts share a common theme, the audience and purpose vary to an extent. In text 1 the audience is directed towards people who love reading novels about travels and explorations. The structure of the text is written in such a way that it appeals to a certain target audience. The use of colons and semi colons such as "It's a young way; maybe fifty years old, no more," and expressive language such as "dry snow squeaked underfoot" show us that the book is targets a specific audience. In contrast, Text 2 talks about the difficulties that the narrator faces while making a particular choice. The poem is structured in such a way that it's audience can relate to it as everybody has to make decisions in their lives. The poem is targeted towards people who are facing a dilemma similar to the one in the poem, where they have to make an important decision which could potentially change their lives and there is no going back once the decision is made.

The mood and tone of Text 1 is calm, peaceful and lonely as the narrator does not mention anything about other people being present in the extract. The use of language in the extract paints an image of a lonely, desolated but calm and peaceful place. "The cold like a wire in the nose" and "The moonlight, falling at a slant, deepened the dark in the nearer tracks." These lines are verification of the sinister atmosphere that is created in Text 1. The exceptionally detailed description of the place proves that the place has had a huge impact on the narrator's life. On the other hand the mood and tone of Text 2 is nostalgic. The mood at the beginning of the poem reflects the warmth of the "yellow wood" and the traveler's anticipation at having to choose his own path, so the mood feels light-hearted, even anticipatory. As the narrator reflects on having to make a decision the tone of the text is serious and contemplative. The narrator of the poem is unsure about choosing the wrong road and missing unknown opportunities. The fork in the road becomes a metaphor for all choices that people must and how certain choices may affect the outcome of their lives.

Both texts use visual imagery to influence their target audience. In Text 1 the lines "The red blip of aircraft warning lights" and "small rolling clouds of goldfinches rising from teasel-heads and then curling ahead to settle again." create striking images in the minds of the readers as they can actually
