KickstarterForum which has attracted over six thousand members I even launched a popular podcast called Crowdfunding Demystified which has racked up more than 100 positive reviews in iTunes Finally I also put out training videos on YouTube and I am proud to say that the channel is experiencing rapid growth That all sounds impressive but actually when I first stumbled on the website Kickstarter I didn't have a clue how it worked It seemed super confusing and I had SO MANY questions Since 2012 I've come to master the platform and discover the ins and outs of how crowdfunding really works I've published many of my findings online and I've been being linked to by sites like CNN The New York Times The Huffington Post and even The Wall Street Journal In this guide I'm going to share with you the step by step launch strategy for absolutely crushing it on Kickstarter In no time at all you'll be raising money for your startup or creative project I'll make it super easy to copy and implement these tactics and strategies I'll also share some Jedi Mind Tricks that most marketers don't know about Before you know it you'll be a crowdfunding expert Now I bet you're thinking boy this all sounds like a lot of work Do I really have to learn all of this I just want to get funding for my project Truth be told it is A LOT to master which is why having the right teacher can make all of the difference I'll make sure that you master this material as quickly as possible so that you can stop fundraising and get back to doing what you love Either way whether you decide to run your own Kickstarter campaign or outsource certain aspects it pays to know what you're doing I want to help you smash your Kickstarter goal and then I hope you come on my podcast as a crowdfunding success story It's time to get serious about making that business you've been dreaming about a reality It's finally time to get paid for your creative work Let's get started
