Song 88

15 min: Family Worship That Refreshes. Interview a family regarding their family worship. Of what does their program consist? How do they determine what to discuss? What tools available on jw.org have they used? How has their program helped them in the ministry? How do they prevent other activities from disrupting their schedule? How have they benefited from their program of family worship?

15 min: “Improving Our Skills in the Ministry—Responding to Potential Conversation Stoppers.” Discussion. Consider two or three potential conversation stoppers that publishers may encounter, and invite comments on how we might respond. Remind publishers that they will have an opportunity to relate experiences during the week of April 7.

Song 97 and Prayer

Improving Our Skills in the Ministry—Responding to Potential Conversation Stoppers

Why Important: Imagine that you know that a natural disaster is imminent. People will die unless they flee to safety. You go to a neighbor’s home to warn him, but he interrupts you, saying that he is busy. Surely, you would not quickly abandon your efforts to help him! Many in our territory turn us away, not realizing the life-saving value

of our message. At the time of our visit, perhaps they are preoccupied. (Matt. 24:37-39) Or maybe they have been prejudiced by untrue rumors. (Matt. 11:18, 19) They might assume that we are no different from the religions that have produced bad fruitage. (2 Pet. 2:1, 2) If the householder initially is not interested, we should not be quick to give up.

How to Do It:

- Before preaching from house to house, take a few moments to think about potential conversation stoppers that you may encounter and consider how to respond.
- If the householder presents an objection, gently try to continue the conversation. Perhaps you can do that by commending him. For example, if he says that he has his own religion, you might reply, “I was hoping to find someone like you who has an interest in spiritual things.” Sometimes acknowledging the householder’s feelings or circumstances will enable you to continue giving a witness. For instance, if he says that he is busy, you might say: “I understand. But before I leave, I would like to give you this.” Another option is to ask a question if the householder says that he is not interested. You could say, “Do you mean that you are not interested in the Bible, or is it religion in general that does not interest you?”
- Use good judgment. Remember that Jehovah does not force people to listen. (Deut. 30:19) Everyone must carry his own load of spiritual responsibility. (Gal. 6:5) If the householder is adamant, it is best to take our leave. By demonstrating respect for his feelings, we may open the door for another publisher to give a witness in the future. —1 Pet. 3:15.

Try This During the Month:

- When you encounter a potential conversation stopper, after leaving the householder, discuss with your partner how you might have responded in a better way.

Machines Dan Saxon, 2021-12-03 This book addresses the relationship between lethal autonomous weapon systems human dignity and international law Its central thesis is that the delegation of human responsibility for moral judgments to lethal autonomous weapon systems erodes human dignity and consequently international law *Education System in Saudi Arabia* Md. Muddassir Quamar, 2020-12-17 This book is a comprehensive study on the education system of Saudi Arabia placing the reforms and changes it has undergone in the past two decades within the context of the historical evolution of the education

system An education system cannot be seen in isolation of the society it plays a significant role in shaping the individual state and the society that in turn have a bearing on the education system and its evolution Therefore this book locates Saudi education in the backdrop of the changes in the society how they have facilitated or hindered the education reforms and how the education reforms have impacted the society The book does not ignore the immediate trigger for the beginning of a comprehensive reforms process but goes beyond it to find much deeper socio political and economic rationales that paved the way for the reforms It provides a nuanced understanding of the interplays of various socioeconomic as well as political factors that have shaped the education system in Saudi Arabia *Saudi Arabia King Handbook - Strategic Information and Developments* IBP, Inc.,2013-08 2011 Updated Reprint Updated Annually Saudi Arabia King Handbook States of Subsistence José Ciro Martínez,2022-04-12 On any given day in Jordan more than nine million residents eat approximately ten million loaves of khubz arabi the slightly leavened flatbread known to many as pita Some rely on this bread to avoid starvation for others it is a customary pleasure Yet despite its ubiquity in accounts of Middle East politics and society rarely do we consider how bread is prepared consumed discussed and circulated and what this all represents With this book Jos Ciro Mart nez examines khubz arabi to unpack the effects of the welfare program that ensures its widespread availability Drawing on more than a year working as a baker in Amman Mart nez probes the practices that underpin subsidized bread Following bakers and bureaucrats he offers an immersive examination of social welfare provision Mart nez argues that the state is best understood as the product of routine practices and actions through which it becomes a stable truth in the lives of citizens *States of Subsistence* not only describes logics of rule in contemporary Jordan and the place of bread within them but also unpacks how the state endures through forms sensations and practices amid the seemingly unglamorous and unspectacular day to day **The Territories of the Russian Federation 2015** Europa Publications,2015-02-20 This excellent reference source brings together hard to find information on the constituent units of the Russian Federation The introduction examines the Russian Federation as a whole focusing on Russian federalism and elections followed by a chronology demographic and economic statistics and a review of the Federal Government The second section comprises territorial surveys each of which includes a current map This edition includes new surveys covering the recently annexed and disputed territories of Crimea and Sevastopol as well as updated surveys of each of the other 83 federal subjects The third section comprises a select bibliography of books The fourth section features a series of indexes listing the territories alphabetically by Federal Okrug and Economic Area Users will also find a gazetteer of selected alternative and historic names a list of the territories abolished created or reconstituted in the post Soviet period and an index of more than 100 principal cities detailing the territory in which each is located **Privatizing War** William Feldman,2016-06-17 This book offers a comprehensive moral theory of privatization in war It examines the kind of wars that private actors might wage separate from the state and the kind of wars that private actors might wage as functionaries of the state The first type of war

serves to probe the ad bellum question of whether private actors can justifiably authorize war while the second type of war serves to probe the in bello question of whether private actors can justifiably participate in war The cases that drive the analysis are drawn from the rich and complicated history of private military action stretching back centuries to the Italian city states whose mercenaries were reviled by Machiavelli The book also takes up the hypothetical examples conjured by philosophers the private protective agencies of Robert Nozick s Anarchy State and Utopia for example and the private armies of Thomas More s Utopia The aim of this book is to propose a theory of privatization that retains currency not only in assessing current military engagements but past and future ones as well In doing so it also raises a set of important questions about the very enterprise of war This book will be of much interest to students of ethics political philosophy military studies international relations war and conflict studies and security studies
