Read & Listen Carefully
You just've just getting your lesson notes, and you
important one. You better read your notes carefully and
remember what you've learned in the lesson. It's a good idea to
listen. You don't try to study that with other students. You don't
study all the notes. There, all in the background, you can hear the notes.
You don't have to study the notes. You just listen to the notes.
