also shows how to integrate social studies with literature and writing Her experiences taught her that young students are much more capable than many people realize The Conscious Teacher is an indispensable guide for all new teachers Many of the ideas Ms Nichols Poulos provides will also be an eye opener for parents and experienced teachers as well The Conscious Teacher is simply a must have for anyone truly interested in giving young children a positive and solid foundation for their later schooling **Instructor** ,1971-08 **Research in Education** ,1973 **Directory of Distance Learning Opportunities** Modoc Press, Inc.,2003-02-28 This book provides an overview of current K 12 courses and programs offered in the United States as correspondence study or via such electronic delivery systems as satellite cable or the Internet The Directory includes over 6 000 courses offered by 154 institutions or distance learning consortium members Following an introduction that describes existing practices and delivery methods the Directory offers three indexes Subject Index of Courses Offered by Level Course Level Index Geographic Index All information was supplied by the institutions Entries include current contact information a description of the institution and the courses offered grade level and admission information tuition and fee information enrollment periods delivery information equipment requirements credit and grading information library services and accreditation EPIE Report EPIE Institute,1975
