Topology and Geometry of Manifolds Gordana Matic, Clint McCrory, 2003 Since 1961 the Georgia Topology Conference has been held every eight years to discuss the newest developments in topology The goals of the conference are to disseminate new and important results and to encourage interaction among topologists who are in different stages of their careers Invited speakers are encouraged to aim their talks to a broad audience and several talks are organized to introduce graduate students to topics of current interest Each conference results in high quality surveys new research and lists of unsolved problems some of which are then formally published Continuing in this 40 year tradition the AMS presents this volume of articles and problem lists from the 2001 conference Topics covered include symplectic and contact topology foliations and laminations and invariants of manifolds and knots Articles of particular interest include John Etnyre's Introductory Lectures on Contact Geometry which is a beautiful expository paper that explains the background and setting for many of the other papers This is an excellent introduction to the subject for graduate students in neighboring fields Etnyre and Lenhard Ng's Problems in Low Dimensional Contact Topology and Danny Calegari's extensive paper Problems in Foliations and Laminations of 3 Manifolds are carefully selected problems in keeping with the tradition of the conference They were compiled by Etnyre and Ng and by Calegari with the input of many who were present This book provides material of current interest to graduate students and research mathematicians interested in the geometry and topology of manifolds

Interpreting Visual Ethnography Erkan Ali, 2018-02-07 Focusing on the use of text in relation to a specific category of image the photographic image this book argues for a new appreciation of the relationship between texts and photographs in an age that seems to be dominated by visual images With reference to a range of traditional and new media forms and addressing such issues as gender ethnicity class identity politics and biography the author introduces a new perspective for the use and understanding of the symbiotic relationships that can exist between photographs and texts in the production of sociological cultural and historical narratives lamination Drawing on the work of Barthes and Benjamin the book explores the material forms of publications that involve the combination of photographs and texts such as newspapers and journalism documentary archives visual ethnographies and on line social networks showing how text and image are contexts for one another and so negotiate meaning between themselves A challenge to the recent visual turn in sociology and cultural studies which argues without privileging text or image for the significance of text in relation to visual images and the production of combined meanings Interpreting Visual Ethnography will appeal to scholars of sociology anthropology and media studies with interests in theory visual methods and text and meaning

Morceaux choisis sur l'animation 1972-1995 Jean-Claude Gillet, 2010-12-01 Cet ouvrage permet de retrouver les origines de l'histoire de la fonction d'animation puis de cette profession travers quelques textes marquants dont certains ont disparu ou ont été oubliés Les auteurs retenus ont travaillé des époques différentes sur la compréhension de ce

secteur suivi par la référence au contexte historique dans lequel il a été produit prolongé par les extraits retenus conclus par une analyse critique le tout accompagnant les textes par une construction théorique
