*Belonging and Estrangement in the Poetry of Philip Larkin, R.S. Thomas and Charles Causley* Rory Waterman, 2016-04-22

Focusing on the significance of place connection and relationship in three poets who are seldom considered in conjunction Rory Waterman argues that Philip Larkin R S Thomas and Charles Causley epitomize many of the emotional and societal shifts and mores of their age Waterman looks at the foundations underpinning their poetry the attempts of all three to forge a sense of belonging with or separateness from their readers the poets varying responses to their geographical and cultural origins the belonging and estrangement that inheres in relationships including marriage the forced estrangements of war the antagonism between social belonging and a need for isolation and finally the charged issues of faith and mortality in an increasingly secularized country

Letters Home gives access to the last major archive of Larkin s writing to remain unpublished the letters to members of his family These correspondences help tell the story of how Larkin came to be the writer and the man he was to his father Sydney a conservative anarchist and admirer of Hitler who died relatively early in Larkin s life to his timid depressive mother Eva who by contrast lived long and whose final years were shadowed by dementia and to his sister Kitty the sparse surviving fragment of whose correspondence with her brother gives an enigmatic glimpse of a complex and intimate relationship But it

was the years during which he and his sister looked after their mother in particular that shaped the writer we know so well a number of poems written over this time are for her and the mood of pain shadow and despondency that characterises his later verse draws its strength from his experience of the long lonely years of her senility One surprising element in the volume however is the joie de vivre shown in the large number of witty and engaging drawings of himself and Eva as Young Creature and Old Creature with which he enlivens his letters throughout the three decades of her widowhood This important edition meticulously edited by Larkin s biographer James Booth is a key piece of scholarship that completes the portrait of this most cherished of English poets     James Larkin: Lion of the Fold Donal Nevin,2014-03-12 This book is a detailed

compilation of writings and lectures about the life of James Larkin It reviews his influence in history and on various movements across the country and abroad James Larkin Lion of the Fold includes writing by James Larkin and is a timely reminder of the long road that the Irish people have travelled together The book considers much of the history of the early Irish Labour Movement and includes a vast range of opinion on James Larkin     **FOX v. **Proclamation from Prophecy and Pattern** Darrell L. Bock,1997-01-01 Luke is here presented as contributing to New Testament Christology through his treatment of Old Testament Christological texts This redaction critical study argues that Luke s use of the Old Testament is not so much a proof from prophecy as a proclamation that draws both upon prophecies and upon patterns This proclamation as it is developed in Luke Acts serves to turn the reader s attention from seeing Jesus as Messiah to seeing him eventually as Lord     The Poetry of Philip Larkin S. N. Prasad,2022-07-14 The Poetry Of Philip Larkin A Study In Long Perspectives By S N Prasad The present book is an innovative attempt to give the Philip Larkin criticism a new direction Early critical writings on Larkin for the most part tried to show him as a provincial poet and his poetic imagination as of a middle brow kind However soon some perceptive readers of his poetry found some of its real value as a result of which he is now regarded as one of the major British post modern poets This book has tried to show that Philip Larkin in his poetry tries to see man in his present existential condition and he sees his future prospects as a species in very long perspectives and in this respect besides his many faceted merit as a true poet he can and should be seen in the company of great mainstream scientists philosophers creative writers and thinkers Philip Larkin in his major poems aims at giving a therapeutic touch to the ailing human culture This book has a long INTRODUCTION which tries to show the true origins of man his physiology and his present psycho social condition Views of reputed creative writers scientists philosophers and thinkers have been referred to in this connection In the three middle sections of the book thirty of Larkin s poems taken from his three major volumes have been analyzed individually at some length These analyses reveal some of the very important but hitherto unrevealed aspects of his poetry
