*Money, Sex and Power* Collins Enyeribe, 2014-02-09 MONEY SEX yielding to it is Jesus was tempted on all points yet without sin Money Sex and Power are the three Musketeers that play pivotal role in determining the eternal destination of each one of us Jesus lifestyle on earth is the standard of God everything He said and did was according to what was written about Him in the Scroll of the Book There is a scroll in every believer's Hypostatic Chip that delimits earthly conduct This book teaches how to imitate Jesus in living God's kingdom lifestyle in the acquisition and utilization of money involvement in sensual pleasure and self actualization To imitate Jesus is to enjoy abundant life now and in the age to come Imitating Jesus Richard A. Burrige, 2007-10-22 In contrast to many studies of New Testament ethics which treat the New Testament in general and Paul in particular this book focuses on the person of Jesus himself Richard Burrige maintains that imitating Jesus means following both his words which are very demanding ethical teachings and his deeds and example of being inclusive and accepting of everyone Burrige carefully and systematically traces that combination of rigorous ethical instruction and inclusive community through the letters of Paul and the four Gospels treating specific ethical issues pertaining to each part of Scripture The book culminates with a chapter on apartheid as an ethical challenge to reading the New Testament using South Africa as a contemporary case study enables Burrige to highlight and further apply his previous discussion and conclusions **Imitating Christ** Luke Timothy Johnson, 2024-08-06 Is discipleship about personal sanctification or social reform Believers are divided on a question central to Christian identity what does it mean to follow Jesus For centuries imitating Christ meant the pursuit of holiness conforming the self to Jesus through self sacrifice in order to join him in eternal life But some Christians today consider this model to be self centered Instead they say true disciples ought to imitate Jesus in confronting corrupt social systems on behalf of the oppressed In *Imitating Christ* esteemed New Testament scholar Luke Timothy Johnson seeks the origin of this fissure Surveying the New Testament medieval mysticism modern theology and more Johnson shows how twentieth century social gospel and liberation theologies created a new model of discipleship He then evaluates the theological implications of the two models and asks what we can learn from each Inspired by Dietrich Bonhoeffer and Thomas Merton Johnson puts forward a vision of discipleship that can revitalize Christian witness in the world today Replete with keen exegesis and spiritual insight *Imitating Christ* reorients Christian living toward pursuing sainthood Pastors and interested lay readers alike will rediscover a rich heritage in these pages

*Sex, Priests, and Power* A. W. Richard Sipe, 1995 First published in 1995 Routledge is an imprint of Taylor Francis an informa company *HOW AMERICA BECAME ANTI-CHRISTIAN AND SELF-DESTRUCTIVE* Dr. George Joseph K PhD, 2015-12-10 The American dream of a free world will be defeated if Christianity will be defeated in USA USA cannot survive unless the current perceptions of freedom and secularism undergo a drastic change There is freedom to promote almost everything except the Christian truth Ten Commandments are banned But yoga is promoted at all levels This kind of

selective discrimination against the truth will destroy the very foundations of any society Strange motivations of the anti supernatural secularist lobby in the governmental institutions and their complicity in side lining Christian faith cannot be ruled out Thus ironically the undefeatable America tends to defeat itself In its rejection of Christian truth and values USA made truth a lie and the lie a truth If the current trends of self hatred of Christian faith by higher criticism and liberal theology and destruction of churches continue in 20 years USA will be overrun by the values and culture of Hinduism and Islam And USA will go down in history as the most powerful empire which had the best values in its custody since the days of its foundation but subjected itself to a silent death executed by its experts and enjoyed by its people who went after thrillers fantasies romances and other vain imaginations neglecting the truth Remember it was the hatred to Christian values that instigated the anti supernatural liberal theology from within and without the church which ultimately resulted in the Nazi Holocaust Beware when the Christian faith and values are suppressed the very survival of the societies at large is endangered This is the lesson of the entire world history      *Unconditional?* Brian Zahnd,2011-01-04 If Christianity is to be a compelling and relevant voice in the 21st century Zahnd asserts it needs a fresh message not a new innovation or novel interpretation but a return to its roots      **DANGEROUS SPIRITUAL VACUUM** Dr. George Joseph K PhD,2015-12-10 Dangerous spiritual vacuum is created by the godless philosophies and life styles in all the cultures Modernity s rationalism and anti supernaturalism created a world without God Postmodernity s relativism and subjectivism created a world without values and morality The false philosophical methodology of anti supernaturalism aimed at attacking the Biblical truth back fired and landed the nations open to the supernaturalism of the devil This is obvious through the growing alternative spiritualities The best and the safest philosophy and truth is introduced and proved in this book      **Knowing Christ** David R. Tomlinson,2020-09-15 The Eucharist is the central act of worship for many Christians This accessible introduction will deepen the understanding and enrich the experience of all who partake      The Rise of Western Power Jonathan Daly,2013-12-19 The West s history is one of extraordinary success no other region empire culture or civilization has left so powerful a mark upon the world The Rise of Western Power charts the West s achievements representative government the free enterprise system modern science and the rule of law as well as its misdeeds two frighteningly destructive World Wars the Holocaust imperialistic domination and the Atlantic slave trade Adopting a global perspective Jonathan Daly explores the contributions of other cultures and civilizations to the West s emergence Historical geographical and cultural factors all unfold in the narrative Adopting a thematic structure the book traces the rise of Western power through a series of revolutions social political technological military commercial and industrial among others The result is a clear and engaging introduction to the history of Western civilization      Sexual Morality John Piderit,2012-11-03 Informal customs have become the norm for most young adults in matters of sexual intimacy Unfortunately the sexual revolution has not proven to be as beneficial to women as was hoped and society offers young men little preparation for future roles as husbands and fathers In

this book Father Piderit argues that a natural law approach to morality provides a grounded pathway toward marriage and shows why these fairly traditional practices help young people find a partner whom they can realistically promise to love until death do them part Offering theory but focusing on practice this book helps young adults understand why sexual intimacy should be reserved for marriage The first two sections develop the natural law basis for behavior Father Piderit points out that natural law relies primarily on reason not religion and his explanation provides a way to understand a Christian approach to morality as grounded in nature The final third of the book explores what religious practice and membership in a Christian denomination adds to the natural law approach Father Piderit uses clear practical examples to show that positive goals are what motivate human beings By breaking down the potentially abstract concept of morality into a set of intuitive practices guided by natural law Father Piderit provides young people and students with the tools to create a positive courtship and ultimately a solid marriage based on strong shared values and mutual respect The Limits of Ancient

Biography Brian McGing, Judith Mossman, 2007-12-31 The genre of biography in the ancient world is interestingly diverse and permeable and deserves intensive study bearing as it does on ideas of characterization and the individual This volume considers both the form and the content of biography across the ancient world and is particularly interested in the frontiers with other related genres such as history The papers range from the Old Testament to the Arab world from the New Testament to the Lives of Saints from the classic Greek and Roman biographers to less well known practitioners of the art

*Reclaiming Christianity* A.W. Tozer, 2009-05-01 Does the church use words that have lost their meaning Are there Christian words and phrases that have lost their power to convict the human spirit and bring transformation to the world One of the twentieth century s most renowned prophetic thinkers A W Tozer saw a dangerous trend gaining momentum even before his death a trend that has become commonplace now in the twenty first century In this never before published book Tozer sounds his alarm for the modern church We must stop parroting words carelessly and instead allow the meaning that these words convey to empower shape and direct the work of the church Yet Reclaiming Christianity is not just a warning it is a spiritual guidebook for reconnecting to the deepest meaning of Christianity s sacred messages Christian Advocate

, 1929 **The Corsair**, 1839 **The Comprehensive Commentary on the Holy Bible: Acts-Revelation** William Jenks, 1839 An Amazing God Kent Mayeux, 2013-12-07 An Amazing God is not just another conversion story about how a sinner made a 180 degree turn on the wrong path travelled through life In fact very little personal information is exposed Rather this book is a compilation of the revealed knowledge of God learned through three years of active study of the Bible and numerous documents written since its composition This book is a tool for a new evangelization This book uses the book of Genesis as a general outline A heavy emphasis on historical facts figures and dates are used to confirm that God as Jesus walked this earth Theological differences of the major religions are compared and contrasted especially Catholicism and the Protestant Reformists The book s main theme demonstrates the sole purpose of one s life as a reunion of our soul with that of

our creator at our earthly death It explains the progression of the revealed truth to man both individually and as a society and how creation has progressed from redemption to salvation to sanctification The book addresses all areas of one s life social political and spiritual This book has an apologist s flare with the ultimate goal of re evangelizing those that have experienced God but have turned away from their religion The book steps on the toes of those superficial professing Jews Christians and Muslims and may present the realization that most are doomed to a painful and punishing eternity How about you can you tell me right now without a doubt where your soul will reside for all of eternity when you die Do you believe in resurrection This book is unique in that it reveals how one achieves salvation and sanctification It explains the transformational process by which one discards all vices and begins to live by the virtues through the power of the Holy Spirit An Amazing God should be considered a crucial self help book With God in the forefront of your consciousness you can begin your progression to perfection The book will challenge those who profess a belief in God yet continue to live a life contrary to a serious faith life The book is designed to demonstrate to atheists and believers alike that there is one universal church established by Christ More information can be found at <http://www.newevangelization.net>      **American Book**
