earth They apply to that period and to that period only The notions the modes of speaking the opposition and its very manner to which the New Testament refers are exactly those of that period If a copy of the Gospels were put into the hands of an impartial Jewish historian he could not fail to discover that the events there chronicled must have taken place exactly at the time when according to Christian belief Jesus walked among men This is the legacy of A Edersheim **A Bookman's Catalogue Vol. 2 M-End** T.
