

ESSAI DE COUTURE

Une fois la machine installée, procéder comme suit:

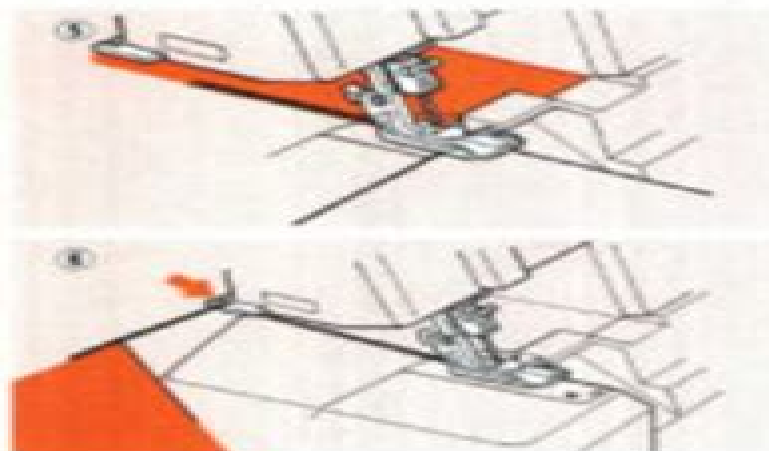

1. **Passer les 4 fils sous le pied presse-étouffe comme illustré.** Passer le pied et faire quelques points en tournant le volant à la main contre vous (toujours sans tissu). Puis retourner le pédale et coudre une chaîne de 3 à 4 cm, tout en tirant les fils vers le gauche. Maintenant le dispositif est prêt à coudre.
2. Placer un morceau de tissu devant le pied presse-étouffe. Ensuite, à l'aide du bouton à droite, faire couler le pied. Ne pas tirer mais guider légèrement le tissu.

3. Lorsque vous arrivez à la fin du tissu, ne laissez pas arriver le pied presse-étouffe, mais continuez à coudre fermement sur 5 cm environ pour obtenir une chaîne de 10. Couper le fil près le support (selon l'illustration). Tout est prêt pour le prochain essai. Vous pouvez maintenant commencer à partir du bord du tissu en le guidant devant le pied presse-étouffe.

Si les points ne se forment pas correctement, régler les tensions selon les indications des pages suivantes.

4. Ne pas tirer sur le pied presse-étouffe à la fin de la couture mais coudre toujours une chaîne de 10 d'un bout à l'autre.

TEST SEWING

After the machine has been threaded, start sewing in the following manner:

1. **Pass the 4 threads under the foot as shown in the drawing.** Lower the presser foot, make a few stitches by turning the flywheel towards you by hand (without material under the foot). Then press on the foot control to make 3 to 4 cm of chain, holding the threads on the left. The machine is now ready to use.
2. Place a strip of fabric in front of the lowered presser foot at the position to be stitched then depress the foot control. Do not pull the fabric; guide it gently.

3. When you reach the end of the fabric, do not raise the presser foot but continue sewing at a low speed for about 10 cm beyond the end of the fabric so that the machine produces a chain of thread. Then cut the thread with the thread cutter (see illustration). You are then ready to start the next seam. You can start overlocking from the edge of the fabric just by feeding it into the foot of the lower presser foot.

If the stitches are not formed correctly, adjust the tension in accordance with the instructions on the next page.

4. Do not raise the presser foot at the end of a seam but always sew a chain of thread at least 10 cm long.

Elna Pro 4 Serger Manual

Hussin A.Rothana

Elna Pro 4 Serger Manual:

Reviewing **Elna Pro 4 Serger Manual**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing.
