Emotions In Politics The Affect Dimension In Political Tension:

Emotions in Politics Nicolas Demertzis,2013 **The Political Sociology of Emotions** Nicolas Demertzis,2020-06-01

The Political Sociology of Emotions articulates the political sociology of emotions as a sub field of emotions sociology in relation to cognate disciplines and sub disciplines Far from reducing politics to affectivity the political sociology of emotions is coterminous with political sociology itself plus the emotive angle added in the investigation of its traditional and more recent areas of research The worldwide predominance of affective anti politics e g the securitization of immigration policies reactionism terrorism competitive authoritarianism nationalism and populism etc makes the political sociology of emotions increasingly necessary in making the prospects of democracy and republicanism in the twenty first century more intelligible Through a weak constructionist theoretical perspective the book shows the utility of this new sub field by addressing two central themes trauma and resentment Trauma is considered as a key cultural political phenomenon of our times evoking both negative and positive emotions resentment is a pertaining individual and collective political emotion allied to insecurities and moral injuries In tandem they constitute fundamental experiences of late modern times The value of the political sociology of emotions is revealed in the analysis of civil wars cultural traumas the politics of pity the suffering of distant others in the media populism and national identities on both sides of the Atlantic **Emotions in Politics N.**

Demertzis,2013-10-31 Prompted by the affective turn within the entire spectrum of the social sciences this books brings together the twin disciplines of political psychology and the political sociology of emotions to explore the complex relationship between politics and emotion at both the mass and individual level with special focus on cases of political tension

Neo-Ottomanism and the Politics of Emotions in Turkey Nagehan Tokdoğan,2024-06-17 This open access book explores the politics of emotions under the ruling Justice and Development Party in Turkey and the leadership of President Recep Tayyip Erdoğan It examines how emotional politics and particularly the use of a Neo Ottomanist narrative created a new national mood and contributed to the durability of Erdoğan's rule The author analyses the interactions between national narratives symbolic politics and emotions She argues that these interactions have formed the basis of Erdoğan's popular support for more than 20 years The book is a valuable resource for scholars of political science and sociology as well as policymakers interested in the rise of authoritarianism in Turkey **The Power of Emotion in Politics, Philosophy, and Ideology**

Hanna Samir Kassab,2017-02-14 This book defines political ideology as a structural force that combines ideas emotion and people for the purpose of transforming political discourse It advances a theoretical proposition concerning the creation of alternative modes of governance and proposes a general theory explains the reasons for the creation of political ideologies as an escape from perceived injustice The theory also explains democracy's success and the failure of Communism and the Fascism The purpose of any political ideology whether Democracy Fascism and its varieties or Communism is to escape human suffering by combining ideas emotion and people in the production of fundamental societal change Ideologies

must possess these three variables to attain the necessary power to succeed as a political force Power gives the ideology the structural ability to transform society trapping the once free individual into the ideology

The Politics of Negative Emotions Dan Degerman, 2023-04-28 Negative emotions including anger fear and shame have been at the heart of recent political events such as the protests against COVID 19 restrictions These negative emotions can be politically destructive leading people to act rashly without due concern for democratic principles However they can also accurately signal wrongdoing and motivate acts to redress the situation as displayed in the Black Lives Matter and climate change movements This volume brings together perspectives from political science and philosophy to shed new light on the political faces of negative emotions Engaging with real world political events from Europe the US and Africa contributors critically evaluate much discussed emotions such as anger and fear but also less prominent ones such as frustration and discomfort

The Proletarian Dream Sabine Hake, 2017-09-11 The proletariat never existed but it had a profound effect on modern German culture and society As the most radicalized part of the industrial working class the proletariat embodied the critique of capitalism and the promise of socialism But as a collective imaginary the proletariat also inspired the fantasies desires and attachments necessary for transforming the working class into a historical subject and an emotional community This book reconstructs this complicated and contradictory process through the countless treatises essays memoirs novels poems songs plays paintings photographs and films produced in the name of the proletariat The Proletarian Dream reads these forgotten archives as part of an elusive collective imaginary that modeled what it meant and even more important how it felt to claim the name proletarian with pride hope and conviction By emphasizing the formative role of the aesthetic the eighteen case studies offer a new perspective on working class culture as a oppositional culture Such a new perspective is bound to shed new light on the politics of emotion during the main years of working class mobilizations and as part of more recent populist movements and cultures of resentment Aldo and Jeanne Scaglione Prize for Studies in Germanic Languages and Literatures 2018

Populism and Passions Paolo Cossarini, Fernando Vallespín, 2019-05-29 There is a consensus that right and left wing populism is on the rise on both sides of the Atlantic from Donald Trump in the United States to Spain's leftist Podemos These may utilize different kinds of populist mobilizations but the fact remains that elite and mass opinion is fuelling a populist backlash In Populism and Passions twelve scholars engage with discourse analysis democratic theory and post structural political thought to study the political logic of passion for contemporary populism Together these interdisciplinary essays demonstrate what emotional engagement implies for the spheres of politics and the social and how it governs and mobilizes individuals The volume presents Theoretical and empirical implications for political analysis Chapters on the current rise of populism both right and left wing trends their different ideological features and their relationship with the logic of passion Theoretical implications for the future study of populism and democratic legitimacy A timely analysis of this political phenomena in contemporary Western democracies Populism and Passions is ideal for students and scholars in political theory

comparative politics social theory critical theory cultural studies and global studies *Affective Communities in World Politics* Emma Hutchison, 2016-03-11 Emotions underpin how political communities are formed and function Nowhere is this more pronounced than in times of trauma The emotions associated with suffering caused by war terrorism natural disasters famine and poverty can play a pivotal role in shaping communities and orientating their politics This book investigates how affective communities emerge after trauma Drawing on several case studies and an unusually broad set of interdisciplinary sources it examines the role played by representations from media images to historical narratives and political speeches Representations of traumatic events are crucial because they generate socially embedded emotional meanings which in turn enable direct victims and distant witnesses to share the injury as well as the associated loss in a manner that affirms a particular notion of collective identity While ensuing political orders often re establish old patterns traumatic events can also generate new emotional cultures that genuinely transform national and transnational communities *The Palgrave Handbook of Global Political Psychology* H. Dekker, 2016-04-30 This collection recalibrates the study of political psychology through detailed and much needed analysis of the discipline s most important and hotly contested issues It advances our understanding of the psychological mechanisms that drive political phenomena while showcasing a range of approaches in the study of these phenomena *Decency and Difference* Steven C Roach, 2019-11-08 Decency remains one of the most prevalent yet least understood terms in today s political discourse In evoking respect kindness courage integrity reason and tolerance it has long expressed an unquestioned duty and belief in promoting and protecting the dignity of all persons Today this unquestioned belief is in crisis Tribalism and identity politics have both hindered and threatened its moral stability and efficacy Still many continue to undertheorize its political character by isolating it from the effects of identity politics Decency and Difference argues that decency is a primary source of the political tension that has long shaped the struggles for power identity and justice in the global arena It distinguishes among basic conservative and liberal strands of decency to critically examine the many conflicting and competing applications of decency in global politics Together these different strands reflect a long and uneven evolution from the British and American empires to a global network of justice This powerful book exposes the gaps of decency and the disparate ways it is practiced thus addressing the global challenge of configuring a diverse political ethic of decency **Constitutional Semiotics** Martin Belov, 2022-06-30 This book offers an outline of the foundations of a theory of constitutional semiotics It provides a systematic account of the concept of constitutional semiotics and its role in the representation and signification of meaning in constitution constitutional law and constitutionalism The book explores the constitutional signification of meaning that is stretched between rational entrenchment and constitutional imagination It provides a critical assessment of the rationalist entrapment of constitutional modernity and justifies the need to turn to shadow constitutionalisms textual symbolic imaginary and visual constitutionalism The book puts forward innovative incentives for constitutional analysis based on constitutional semiotics as a paradigm for representation of

meaning in rational textual symbolic imaginary and visual constitutionalism The book focuses on the textual imaginative and visual discourse of constitutionalism which is built upon collective constitutional imaginaries and on the peculiar normativity of constitutional geometry and constitutional mythology as borderline phenomena entrenched in rational textual symbolic imaginary and visual constitutionalism The book analyses concepts such as constitutional text and texture authoritative constitutional narratives and authoritative constitutional narrators constitutional semiotic community constitutional utopia constitutional taboo normative ideology and normative ideas constitutional myth and mythology constitutional symbolism constitutional code and constitutional geometric form It explores the textual entrenchment of constitutionalism and its repercussions for representation and signification of meaning **Political Communication and Cognition D.**

Lilleker,2014-07-29 Political Communication and Cognition draws on a range of theories from communication psychology to explain how citizens receive communication about politics how communication might make a citizen think and importantly what stimulates political participation whether simply paying attention chatting online or going to vote The Politics of

Extreme Austerity G. Karyotis,R. Gerodimos,2015-03-24 This volume investigates the policies and politics of extreme austerity setting the crisis in Greece in its global context Featuring multidisciplinary contributions and an exclusive interview with former Greek Prime Minister George Papandreou this is the first comprehensive account of the economic crisis at the heart of Europe **The Making of Anti-Muslim Protest** Joel Busher,2015-10-23 Activism in any social movement group is

as Deborah Gould observes a project of collective world making It is about changing the world out there by influencing policy and public opinion but is also about the way it transforms the lives of participants activists generate new identities cultures social ties rich and varied emotional experiences and interpretations of the world around them Movements are more likely to be able to attract and sustain support when as projects of collective world making they feel compelling to activists and would be activists In this book Busher explores what has made activism in the English Defence League EDL an anti Muslim protest movement that has staged demonstrations across the UK since 2009 so compelling to those who have chosen to march under its banner Based on sixteen months of overt observation with grassroots activists he explores how people became involved with the group how they forged and intensified belief in the EDL cause how they negotiated accusations that they were just another racist far right group and how grassroots EDL activism began to unravel during the course of 2011 but did not do so altogether Providing a fresh insight as to how contemporary anti minority protest movements work on the inside this book will be of interest to students scholars and activists working in the areas of British politics extremism social movements community relations and current affairs more generally **Personalization of Politics and Electoral Change D.**

Garzia,2019-03-27 Using an innovative framework for the study of voting behavior in parliamentary democracies this book sheds new light on the ongoing personalization of politics The analysis makes use of national election study data from Britain Germany and The Netherlands and shows that party leaders can often be the difference between victory and defeat

Empathetic Policy Design Piyapong Boossabong, 2025-01-17 This book sets out to develop a policy design process that is more inclusive by creating space for emotions and feelings Rather than focus solely on expert knowledge it places the fears and hopes of citizens at the heart of policy design to facilitate meaningful interactions between policymakers and the citizens they serve Focusing particularly on evidence from Thailand but drawing on case studies from around the world the book argues that empathetic policy design is crucial to foster social learning and better informed policies It also focuses on how emotions can be incorporated into policy design and how policymakers of the future might use these design processes to create and implement policies that will benefit all The book will appeal to all those interested in public policy and policy design

Political Engagement of the Young in Europe Peter Thijssen, Jessy Siongers, Jeroen Van Laer, Jacques Haers, Sara Mels, 2015-12-14 Although many scholars are convinced of the apparent civic disengagement of youth others suggest that civic participation of young people is stable and increasingly expressed through non institutionalized forms of practicing politics This book makes a key contribution to this discussion by asking whether the decline or shift paradigm is sufficient in understanding political participation of the youth It argues that we need to move beyond this framework and develop a renewed reflection on the meaning of civic and political engagement It asks crucial questions such as How can the young be educated into assuming civic and political responsibility Why and how do young people engage in social and political action How do the principal mediating institutions education media and the family contribute to new or different forms of youth civic engagement This text contains contributions from acknowledged specialists such as Constance Flanagan Mark Elchardus Marc Hooghe and Bert Klandermans and will be of key interest to students and scholars of youth and young citizens civic political involvement European politics youth studies sociology political participation and electoral behaviour

Divided Victor C. Ottati, Victor Ottati, Chadly Stern, 2023 Bringing together a diverse group of leading psychologists political scientists sociologists and communication scholars who investigate dogmatism and open mindedness within social and political contexts *Divided Open Mindedness and Dogmatism in a Polarized World* covers a wide range of topics including key definitions of dogmatism and open mindedness the emergence of affective polarization how open mindedness relates to attitude formation and change the correspondence between intellectual humility and open mindedness and how social norms and situations shape open minded cognition

Early Modern European Diplomacy Dorothee Goetze, Lena Oetzel, 2023-12-31 New Diplomatic History has turned into one of the most dynamic and innovative areas of research especially with regard to early modern history It has shown that diplomacy was not as homogenous as previously thought On the contrary it was shaped by a multitude of actors practices and places The handbook aims to characterise these different manifestations of diplomacy and to contextualise them within ongoing scientific debates It brings together scholars from different disciplines and historiographical traditions The handbook deliberately focuses on European diplomacy although non European areas are taken into account for future research in order to limit the framework and ensure precise definitions of diplomacy and its

manifestations This must be the prerequisite for potential future global historical perspectives including both the non European and the European world

The Top Books of the Year Emotions In Politics The Affect Dimension In Political Tension The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Emotions In Politics The Affect Dimension In Political Tension : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
