Is this the Best God Could Do? Sarah Tirri, 2011-03-03 Is This the Best God Could Do nonfiction approximately 115 000 words was born of a crisis of faith of the most cruel kind the loss of my mother who lingered on the brink death for five weeks and that is where the book begins I was living the American dream a happy wife and mother and by most measures charmed and then she died suffering terribly in the process in spite of my ardent prayers Like many in this position I felt that God had let me down but once my grief passed I realized that the God of traditional Christianity keeps us in thrall by fear and guilt by insisting we are small when we are really quite big beings When the World Trade Center collapsed I also realized that the end of the world might well be upon us because it is a self fulfilling prophecy brought about by the zealot believers in the Abrahamic religions fear carried to an illogical extreme This epiphany made me angry Is This the Best God Could Do is also the result of that anger However although the topic is obviously deadly serious I debunk the warped monotheism of the Big Three with humor and wit as well as reasonable albeit edgy argument What follows the section in which I recount the loss of my mother and the realization that the Abrahamic version of God has been messing with us for a couple thousand years is part dialogue with that big guy picture Groucho Marx as interlocutor Hi God of Christianity Sarah here I can appreciate your dilemma I really can But the next time one of your angels gets out of hand please try to take care of the problem instead of making it one of ours part personal history and part reasoned deconstruction But the conclusion I reach about religion does not amount to an advocacy of atheism Although the monotheistic God is discounted as a manmade thing one used to control us I also argue against the godless scientism of Richard Dawkins The God Delusion Sam Harris Letter to a Christian Nation and Christopher Hitchens God is Not Great In fact I argue against this limited perception of human being as a random function of extraneous forces in favor of a more profound participation of humans in reality leading to a profound spiritual transformation on the part of individuals and eventually all of humanity I also argue for a kind of pandemic version of the dramatic wake up effect Eckart Tolle s concept from A New Earth I experienced when my mother died The human race indeed the very planet is going through extraordinary changes all cause for great alarm among the monotheists as the beginning of the end I insist in Is This the Best God Could Do that on the contrary our situation is karmically inevitable and the dire straits in which we find ourselves an invitation to spiritual growth and thereby a renewal of civilization I also call for those born to relative wealth the American populace in general but also most of the Western world to accept responsibility for charting the way forward because it is easier to evolve beyond the traditional notions of religion when one s belly is full and one is warm and dry But Is This the Best God Could Do is not just a polemic about the medieval grip of fundamentalism that holds humans back from the self awareness necessary to find a way forward through the difficulties of history to an enlightened way of life the book also charts the path I offer guidance to the reader for achieving the kind of awareness that

allows them to hear God's voice and to participate in the world as an active agent instead of being just a passive believer to understand the magnitude of our spiritual reality Although my book is utterly unique in its mixture of elements the strident debunking of monotheism the hopeful recognition of the bigness of humans as spiritual beings to stand in opposition to the smallness of fear and guilt a hope filled recipe for saving us from ourselves and memoir *The Secret Source* Jodi Wille,2011-03 The Secret Source reveals the actual occult doctrines that gave birth to The Law of Attraction and inspired the media phenomenon known as The Secret Why did The Secret divulge only one of the seven Hermetic Laws What are the others what do they say and how could they enrich your life The Secret Source provides the actual texts and fascinating stories behind the Emerald Tablet the Kabbalistic treatise known as The Kybalion and Manly P Hall's essay on the occult movement that produced it Maja D Aoust lectures at the Philosophical Research Society Adam Parfrey editor of Apocalypse Culture is writing a history of secret societies in America and Jodi Wille is editing a book on the mystical commune known as the Source Manly P Hall is the author of The Secret Teachings of All Ages The Divine Declaration W. Jane Robinson,2006 The Divine Declaration is the essential guide for your greatest journey Step forward on this extraordinary inner journey and begin the life you want today Awaken to your Divine Inner Power reclaim your divine inheritance and create a life of enduring joy peace health and abundance You will take giant leaps into a better life truly living the life you desire The Power of Meditation Edward Viljoen,2013-08-29 In a book featuring personal anecdotes and stories the author teaches readers various meditation practices including mindfulness practices sitting practices and creative practices **Take Charge of Your Thoughts - Create Your Ideal Life** Marianne Maynard,2009-01-01 Maynard's powerful book describes how to take control of life through examination of one's highest ideals to achieve limitless success Through an innovative step by step process she outlines how to focus thoughts in order to enhance the quality of life and accomplish goals *Take Charge of Life Live Your Ideal* Marianne Maynard,2005-11 Our life on earth is a short grand adventure with many challenges and lessons for personal and spiritual growth With knowledge and intuitive insight we can have a rewarding harmonious journey However it takes a clear understanding of your ideal focus intent and thought to manifest your goals and dreams The how to do this is spelled out in simple concise steps that enables you to live your ideal and express your magnificence

Political Justice and Religious Values Charles Andrain,2009-06-02 Why do individuals and groups hold distinctive theological views Why do these beliefs change In what ways do theological interpretations influence concepts of spiritual and political justice How and why do these concepts of justice affect policy preferences held by religious liberals and conservatives Much has recently been written about the relationship between power conservative politics and evangelical religious groups but very little attention has been paid to so called progressive religious groups among Protestants Catholics and Jews and their relationship to political thought and action This wide ranging and interdisciplinary work ideal for use in college courses on religion and social issues explores the impact of theological interpretations about God the individual

society church and government on attitudes toward procedural and distributive justice Major issues revolve around civil liberties sexual choice gender equality world peace prison reform and income distribution
