General Information Bulletin 2012-1

The Bomb Threat Challenge

INTRODUCTION

As we enter an era in which the administration of law enforcement becomes more complicated, greater challenges are thrust not only upon police officials, but also upon the community at large. The bomb threat is one such challenge. The bomber has a distinct advantage over other criminals because he can pick his time and place from afar, and use the bomb threat as a weapon to achieve his criminal objectives. This bulletin has been prepared in order to provide law enforcement and public safety agencies with a working base from which to establish their own bomb threat response capability; and to enable these same agencies, when called upon by potential bomb or bomb threat targets in the business community, to offer assistance in developing guidelines for a bomb threat response plan.

In developing a bomb threat response plan, there are four general areas of consideration: (1) Planning and Preparation, (2) Receiving a Threat, (3) Evacuation, and (4) Search. Information presented under each of these four topics will assist in the preparation of an effective bomb threat plan. Suggested methods described in this bulletin will apply in most cases; however, specific requirements will be unique for each facility and will need to be worked out on an individual basis. Once the function of the organization, size of the facility, number of personnel, location and relation to other establishments, and available resources are evaluated; a comprehensive bomb threat plan can be formulated.

PLANNING & PREPARATION

Words used in conjunction with this phase include organization, liaison, coordination, and control. Only with a properly organized plan will those affected by a bomb threat know how, when, and in what order to proceed.

Liaison should be maintained between appropriate public safety agencies and facilities likely to be subject to bomb threats or bombings; and also between public safety agencies and military Explosive Ordnance Disposal (EOD) teams charged with responding to bombing incidents.
