Overview: MELQO UNESCO, UNICEF, World Bank, Brookings Institution (USA). Center for Universal Education, 2017-08-14 The Measuring Early Learning Quality and Outcomes MELQO initiative began in 2014 as part of the global emphasis on early childhood development ECD Led by UNESCO the World Bank the Center for Universal Education at the Brookings Institution and UNICEF the initiative aims to promote feasible accurate and useful measurement of children's development and learning at the start of primary school and of the quality of their pre primary learning environments Items are designed for children between the ages of 4 and 6 years Following the premise that many existing tools include similar

items the leading organizations core team worked with a consortium of experts non governmental organizations NGOs and multilaterals to build upon current measurement tools to create a common set of items organized into modules for measuring 1 early childhood development and learning and 2 the quality of pre primary learning environments The MELQO core team and experts also collaborated to outline a process for context specific adaptation of the measurement modules resulting from lessons learned from field testing in several countries in 2015 and 2016 The modules are designed to be implemented at scale with an emphasis on feasibility for low and middle income countries LMICs A key question addressed by MELQO was the balance between a global tool suitable for use everywhere and local priorities and goals for children s development
