|  <b>BABY CERERAL</b><br>(rice cereal, porridge, muesli, etc.)       | Prepare with a little breast milk, formula or cooled boiled water. Serve with mashed fruit, such as banana or stewed apple.                                                                                                                                                                | 4 months+                                 |
|  <b>VEGIES</b><br>(pumpkin, carrot, sweet potato, potato, zucchini) | Steam, boil or roast, then puree with a little water to make a smooth consistency.<br>Steam, boil or roast, then mash into a smooth consistency (once baby has teeth the mixture can be lumpier).<br>Roast in small chunks and serve as a finger food (suitable once your baby has teeth). | 4-8 months+<br>6-12 months+<br>12 months+ |
|  <b>AVOCADO</b>                                                     | Once mashed, it can be added to another fruit/vegetable or spread onto toast or Cruskits.                                                                                                                                                                                                  | 6 months+                                 |
|  <b>EGGS</b><br>- yolk only                                        | Eggwhite is highly allergenic and should be avoided until 12 months of age.                                                                                                                                                                                                                | 6 months+                                 |
|  <b>TOAST</b>                                                       | Butter and cut into soldiers for baby to suck on. Avoid spreads until baby is 12 months or older.                                                                                                                                                                                          | 8 months+                                 |
|  <b>MEAT</b>                                                        | Babies begin to lose their iron stores from 6 months old, so serve up iron-rich meats like beef, one part meat to two parts vegie is ideal.                                                                                                                                                | 6-7 months+                               |
|  <b>CHICKEN</b>                                                     | Chicken is a great source of protein. Puree for small infants or serve as a finger food to older babies.                                                                                                                                                                                   | 6-7 months+                               |
|  <b>CHEESE</b>                                                      | Full-fat cheese can be mixed in with vegie mashes.                                                                                                                                                                                                                                         | 8 months+                                 |
|  <b>YOGHURT</b>                                                    | Opt for Greek yoghurt with fruit, or other low-sugar, cultured yoghurts made with quality ingredients.                                                                                                                                                                                     | 8 months+                                 |
|  <b>EGGS</b><br>- whole egg                                       | Serve scrambled, poached or soft boiled with toast soldiers for dipping.                                                                                                                                                                                                                   | 12 months+                                |
|  <b>HONEY, JAM, PEANUT BUTTER</b>                                 | Spreads should be avoided before 12 months of age due to high sugar and high allergy potential.                                                                                                                                                                                            | 12 months+                                |
