International Economics Robert C. Feenstra, Alan M. Taylor, 2011-03-01 Combining classic international economics with straight from the headlines immediacy Feenstra and Taylor s text seamlessly integrates the subject s established core content with topic areas and ideas that have emerged from recent empirical studies A MODERN APPROACH FOR THE 21ST CENTURY International economics texts traditionally place greater emphasis on theory and a strong focus on the advanced countries Feenstra Taylor links theory to

empirical evidence throughout the book and incorporates coverage of emerging markets and developing economies India China SE Asia to reflect the evolving realities of the global economy The new edition has been extensively revised and updated especially in light of the ongoing world financial crisis NOTE Feenstra Taylor International Economics Second Edition is available in four versions International Economics 2e 1 4292 3118 1 International Trade 2e 1 4292 4104 7 International Macroeconomics 2e 1 4292 4103 9 Essentials of International Economics 2e 1 4292 7710 5 *Revolutionizing World Trade* Kati Suominen,2019-11-19 Almost 15 years ago in The World is Flat Thomas Friedman popularized the latest wave of globalization as a world of giant corporate supply chains that tripled world trade between 1990 and 2010 Major corporations such as Apple Dell and GE offshored manufacturing to low cost economies China became the world's factory mass producing and exporting computers and gadgets to Western shoppers This paradigm of globalization has dominated global trade policy making and guided hundreds of billions of dollars in business investments and development spending for almost three decades But we are now on the cusp of a new era Revolutionizing World Trade argues that technologies such as ecommerce 3D printing 5G the Cloud blockchain and artificial intelligence are revolutionizing the economics of trade and global production empowering businesses of all sizes to make move and market products and services worldwide and with greater ease than ever before The twin forces of digitization and trade are changing the patterns players politics and possibilities of world trade and can reinvigorate global productivity growth However new policy challenges and old regulatory frameworks are stifling the promise of this most dynamic prosperous and inclusive wave of globalization yet This book uses new empirical evidence and policy experiences to examine the clash between emerging possibilities in world trade and outdated policies and institutions offering several policy recommendations for navigating these obstacles to catalyze growth and development around the world International Macroeconomics Robert C. Feenstra,Alan M. Taylor,2012 Combining classic international economics with straight from the headlines immediacy Feenstra and Taylor's text seamlessly integrates the subject's established core content with topic areas and ideas that have emerged from recent empirical studies A MODERN APPROACH FOR THE 21ST CENTURY International economics texts traditionally place greater emphasis on theory and a strong focus on the advanced countries Feenstra Taylor links theory to empirical evidence throughout the book and incorporates coverage of emerging markets and developing economies India China SE Asia to reflect the evolving realities of the global economy The new edition has been extensively revised and updated especially in light of the ongoing world financial crisis NOTE Feenstra Taylor International Economics Second Edition is available in four versions International Economics 2e 1 4292 3118 1 International Trade 2e 1 4292 4104 7 International Macroeconomics 2e 1 4292 4103 9 Essentials of International Economics 2e 1 4292 7710 5 *Advanced Microeconomics* Bibhas Saha,2024-07-08 Advanced Microeconomics presents microeconomic problems in an intuitive way Using lucid narratives to build on students initial understanding of economics and economic reality equations and diagrams are incorporated to provide accessibility to

students with a basic level of calculus to reach precise quantitative answers It covers the standard areas of microeconomics such as consumer theory producer theory economics of uncertainty general equilibrium and markets The book also includes new developments such as behavioural economics prospect and regret theory public sector firms bargaining signalling games adverse selection and moral hazard Real life applications are given throughout the chapters clearly showing students how the advanced theory connects to the real world Each chapter provides a set of exercises for independent problem solving Learning is also supported by lists of key terms chapter summaries and further reading suggestions Advanced technical materials are presented in optional appendices Digital supplements include quiz questions solutions to exercises and instructor materials The flexible chapter sequencing in the book enables instructors to create their preferred syllabus Developing students intuitive appreciation for the theory as well as mathematical analysis this is the ideal textbook for microeconomics courses at master s level MSc and MRes and advanced undergraduate level
