

The Ideal Penis Size

A Woman's Guide to Penis Size

75% of straight women are not able to achieve regular penetrative orgasms during sex with their partner...

What? That's crazy. What exactly is stopping men from being able to pleasure their partner in bed?

Penis size. It's that simple. When you really think about it, it makes sense as to why penis size is having a negative affect on women being able to achieve pleasure in bed.

The average sized penis (6.5 inches) is just not large enough to satisfy the average woman of today through penetration alone.

Around the average size ranging from as small as 4.5 inches to as big as 8.5 inches represents 50% of men. Added to that percentage is the number of men below 4.5 inches, at 25%, that's the total number of men who have what is considered to be a micropenis. Together that represents 75% of men with a penis size below 6.5 inches who can't regularly bring a woman to orgasm through penetrative sex alone.

Anything above 8.5 inches is considered to be large, and 25% of men have a penis size that is able to regularly pleasure women to orgasm.

Bottom line is, if you're having trouble reaching orgasm during sex, consider finding a guy who actually cares about your pleasure who loves fingering and giving you oral. Or if you're lucky, find a guy with a penis size that is above 6.5 inches to guarantee regular orgasmic pleasure through penetrative sex alone.

Wait, isn't the small penis revered in classical Roman and Greek art? Why don't women today prefer small penises if that was the case back in the day?

Queers who created these sculptures, men. And guess who commissioned them in the first place, you guessed it, men. But why did men have such a fond appreciation for small penises in their art. To put it simply, it was because of pedophilia. Men during those days preferred small pre-pubescent penises. It was seen as pure and civilized unlike the barbaric and 'abnormal' large penis. Pedophilia was normal among the male elites, and so that is why they liked small penises so much, they liked having sex with little boys.

Women on the other hand enjoyed large penises without a doubt, some women among the rich would have male sex slaves with large genitalia to satisfy them. But of course, statues and art depicting this did not exist because female artists were not the norm back then.

How is an erect penis properly measured? It is done by placing a solid ruler on top of the penis opposite of the scrotum and pressed downwards until it stops at the pubic bone. It is then measured from the pubic bone to the tip of the penis. This is the same method used by researchers to conduct average penis size studies.

The micropenis. Consider yourself the unluckiest woman in the world, at this size it is extremely difficult for a woman to orgasm through penetration. More often or not you will be left completely unsatisfied unless he dedicates 99% of his time to foreplay alone.

The 'Scientific Average'. A penis size that to women, feels and looks too small to adequately perform during sex. Men will tell you that this is average, but it's really not. If he's bragging about being bigger than 5.5 inches, it just means he's insecure.

The average sized penis, to get the most out of this size, you're gonna need to have a guy who enjoys giving you cunnilingus as much as he loves penetrating you vaginally. 50% foreplay and 50% penetration.

A decently sized penis. A penis that is 'good enough'. A 7.5 inch penis will give women orgasms at least 75% of the time if only penetrative sex is involved. A loving man will perform foreplay as well.

The perfect sized penis, any foreplay during sex would just be a bonus when you're having sex with a man who's this big. He'll completely fill you up massaging every part of you.

The enormous nine and a half inch penis. At such a large size, you should consider doing stretching exercises before penetration to avoid hurting yourself. This size will fill you up and more.

Girth is equally as important as length in penis size. A thicker penis is able to fill your vaginal canal and put pressure on the walls to increase pleasure. The size of a penis' girth correlates with the length, 8.5-inch penises would normally have a girth of 6 inches around, 6 inches is considered to be the perfect girth size. Below is a simple chart showing what the girth size would likely be when a penis is of a certain length.

Length	4.5	5.5	6.5	7.5	8.5	9.5
Girth	4.5	5.5	6.5	7.5	8.5	9.5

Some penises have a short length and a thick girth, or a long length and a thin girth. These penises are much more rarer than normal. These types of penises are disparagingly named chuds and pencils respectively.

Men with penis lengths that are around average or slightly above, will more times than not brag that girth is more important than length, often comparing a skinny but long dick to a thick short one. This is simply a straw man's argument used to undermine how pleasurable a long thick dick is. Skinny long dicks are a rare occurrence. Penises that are both long and thick, are much more common. Yes, girth is important, but it doesn't magically mean that the majority of long dicks are skinny quite the opposite. Noteworthy, men will often think pictures of long dicks are skinny compared to their own, but they only look that way because of how much longer the penis is compared to their own, simply put, men did not account for a change in perspective, it's like comparing a pencil stub to a brand new pencil and boasting about how it just 'looks' thicker when you hold the stub closer to your eyes than the fresh new pencil.

If a penis feels too big to the point that it's hurting you, that's just a sign that you're not adequately aroused enough. Any woman no matter their size can be penetrated by a large penis. There is no such thing as a woman with a permanently loose or tight vagina. Time before sex is needed for any woman to properly stretch their vaginal canal. This can be done with dildos of an increasing size or through foreplay.

Why is it that the average penis size is not enough for the average woman? It's simple, human females have been sexually selecting longer and larger penises over the course of several millions of years. The clearest evidence of this is the fact that our closest living relatives, the chimps and bonobos have the second largest penises in the primate family at 3 inches, while other primates have penises that are much smaller than that. Humans were now able to select their mates through sexual pleasure alone because survival was no longer such a big issue thanks to our intelligence. And penis size is still increasing to this day. 8.5 inches may be considered large today, but it could be the average penis size a million years from now, or sooner if medical technology advances.

How often do men lie about the size of their penis. All the time. More often than not, men will pretend that their penis is one or two inches longer than what it really is, some pretending that their little 5.5 inch is 8.5 inches long. Most men know how good a big penis is to the point of being naive when ever a woman strokes his ego by pretending that his penis is big. This has the unfortunate setback of men disparaging women of not being able to measure their dicks properly. Sorry guys, but we're just trying to be nice to you, your penis isn't really that big. If men are going to certain lengths to lie about their size, that just proof enough of how good a actual big penis is.

Female Guide To Penis Shapes

Aurelie Jones Goodwin, Marc E. Agronin

Female Guide To Penis Shapes:

If you ally habit such a referred **Female Guide To Penis Shapes** books that will manage to pay for you worth, get the unconditionally best seller from us currently from several preferred authors. If you desire to entertaining books, lots of novels, tale, jokes, and more fictions collections are with launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every ebook collections Female Guide To Penis Shapes that we will entirely offer. It is not on the costs. Its virtually what you habit currently. This Female Guide To Penis Shapes, as one of the most involved sellers here will very be in the middle of the best options to review.

Female Guide To Penis Shapes Introduction

In the digital age, access to information has become easier than ever before. The ability to download Female Guide To Penis Shapes has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Female Guide To Penis Shapes has opened up a world of possibilities. Downloading Female Guide To Penis Shapes provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Female Guide To Penis Shapes has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Female Guide To Penis Shapes. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Female Guide To Penis Shapes. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Female Guide To Penis Shapes, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Female Guide To Penis Shapes has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it

offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Female Guide To Penis Shapes Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Female Guide To Penis Shapes is one of the best book in our library for free trial. We provide copy of Female Guide To Penis Shapes in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Female Guide To Penis Shapes. Where to download Female Guide To Penis Shapes online for free? Are you looking for Female Guide To Penis Shapes PDF? This is definitely going to save you time and cash in something you should think about.
