McPherson, 1998 American history is people events places documents art inventions literature In other words American history is everything about the adventures of all Americans past and present This book helps you learn about your nation s past by organizing its history around 10 themes These themes help you understand events in the past and how they affect you today p xvi *The American Journey* Joyce Oldham Appleby, 2009-01-01 *Comparative Perspectives on School Textbooks* Dobrochna Hildebrandt-Wypych, Alexander W. Wiseman, 2021-04-22 This book examines the discourses on nation building civic identity minorities and the formation of religious identities in school textbooks worldwide It offers up to date practical and scholarly information on qualitative and mixed method textbook analysis as well as the broader context of critical comparative textbook and curriculum analyses in

and across selected countries The volume offers unique and empirical research on how internal educational policies and ideological goals of dominant social political and economic groups affect textbook production and the curricular aims in different educational systems worldwide Chapters address the role of school textbooks in developing nationhood the creation of citizenship through school textbooks the complexity of gender in normative discourses and the intersection of religion and culture in school textbooks

**American History** Donald A. Ritchie, 2001 Provides lesson ideas for a study of the history of the United States Can be used in conjunction with blackline masters transparencies and the Glencoe website

**Lies My Teacher Told Me** James W. Loewen, 2008 Criticizes the way history is presented in current textbooks and suggests a more accurate approach to teaching American history

**The Cold War in the Classroom** Barbara Christophe, Peter Gautschi, Robert Thorp, 2019-10-23 This book is open access under a CC BY 4.0 license This book explores how the socially disputed period of the Cold War is remembered in today's history classroom Applying a diverse set of methodological strategies the authors map the dividing lines in and between memory cultures across the globe paying special attention to the impact the crisis driven age of our present has on images of the past Authors analysing educational media point to ambivalence vagueness and contradictions in textbook narratives understood to be echoes of societal and academic controversies Others focus on teachers and the history classroom showing how unresolved political issues create tensions in history education They render visible how teachers struggle to handle these challenges by pretending that what they do is just history The contributions to this book unveil how teachers backgrounding the political inherent in all memory practices often nourish the illusion that the history in which they are engaged is all about addressing the past with a reflexive and disciplined approach

**The American Vision** Joyce Appleby, Alan Brinkley, Albert S. Broussard, 2007-05 Put the work of a Pulitzer prize winning author in your students hands every day The American Vision boasts an exceptional author team with specialized expertise in colonial Civil War 20th century and Civil Rights history The full panorama of American history comes alive through their vivid and accurate retelling and the co authorship of National Geographic ensures that the program's new maps charts and graphs are correct to the last detail

**The New Social Studies** Barbara Slater Stern, 2009-11-01 This volume The New Social Studies People Projects and Perspectives is not an attempt to be the comprehensive book on the era Given the sheer number of projects that task would be impossible However the current lack of knowledge about the politics people and projects of the NSS is unfortunate as it often appears that new scholars are reinventing the wheel due to their lack of knowledge about the history of the social studies field The goal of this book then is to sample the projects and individuals involved with the New Social Studies NSS in an attempt to provide an understanding of what came before and to suggest guidance to those concerned with social studies reform in the future especially in light of the standardization of curriculum and assessment currently underway in many states The authors who contributed to this project were recruited with several goals in mind including a broad range of ages interests and experiences with the NSS from participants during

the NSS era through new young scholars who had never heard much about the NSS As many of the authors remind us in their chapters much has been written of the failure of the NSS However in every chapter of this book the authors also point out the remnants of the projects that remain

**History Textbooks** American Textbook Council,1994 Based on expert review and research this book provides an innovative standard and guide to social studies textbooks used in kindergarten through 12th grade classrooms for content style and design The standards provide a foundation for individuals to select satisfactory textbooks and to help educators and school boards in the adoption of instructional materials Chapter 1 addresses the problems of textbook content and style Chapter 2 discusses the vast business of social studies publishing and the increased complexity of textbook packaging with the movement away from state level adoption of textbooks Chapter 3 focuses on the content of social studies textbooks with a comparison of past and present textbooks a discussion of revisionism and reality and a look at religion in textbooks Chapter 4 examines the style and story of textbooks and finds that although the content of past textbooks may be flawed the prose is superior to recent textbooks Ideas on narrative readability vocabulary instructional design history and style provide ways for textbooks to improve Chapter 5 addresses the issue of format and proposes clarity and simplicity in technical design of books Chapter 6 provides an outline to review textbooks for content and style and instructional activities and teacher guidance materials for usefulness Chapter 7 includes an annotated list of the major U S and world history textbooks CK

**Asian/American Curricular Epistemicide** Nicholas D. Hartlep, Daniel P. Scott, 2016-08-18 In this important book Nicholas Hartlep and Daniel Scott s detailed analyses on both visual and historical representations of Asian Americans in textbooks and teacher manuals used in our elementary and secondary schools poignantly tell us that generations of children are growing up being fed this single story about Asian Americans As Hartlep and Scott write Asian Americans have once again been constructed as the good minority that can succeed on their own and be used as a political instrument to shame the Blacks for their underachievement and their fight for equality Over and over again the media has been telling a single story about Asian Americans to the public for the past fifty years The consequence of this fabricated story is that it discourages others even Asian Americans themselves from believing in the validity of their struggles Linshi 2014 p 1

*The Worldview of Redemptive Violence in the US* Wayne Lavender, 2014-12-16 Through US military history Lavender directly confronts the dominant US viewpoint of redemptive violence the concept that a nation can use its military to improve the human condition Alternatives are presented in order to encourage the current recessive worldview that supports conflict resolution cooperation collaboration and peaceful efforts

**Teaching What Really Happened** James W. Loewen, 2018 James Loewen has revised Teaching What Really Happened the bestselling go to resource for social studies and history teachers wishing to break away from standard textbook retellings of the past In addition to updating the scholarship and anecdotes throughout the second edition features a timely new chapter entitled Truth that addresses how traditional and social media can distort current events and the historical record Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present Our society needs engaged citizens now more than ever and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically It will specifically help teachers and students tackle important content areas including Eurocentrism the American Indian experience and slavery Should be in the hands of every history teacher in the country Howard Zinn This book should be required reading for every history teacher in the land Sam Wineburg Stanford University In the sequel to his bestseller Lies My Teacher Told Me James Loewen has crafted a critique of how history is being taught in public education that should be in the hands of every practicing and pre service social studies teacher in the United States The History Teacher from the first edition Loewen challenges us to critically reflect on the essence of what social studies and history education is and what social studies and history educators do Doing so can only improve the experiences our students have The Social Studies from the first edition

*Educating Democratic Citizens in Troubled Times* Janet S. Bixby, Judith L. Pace, 2014-03-14 This book offers a groundbreaking examination of citizenship education programs that serve contemporary youth in schools and communities across the United States. These programs include social studies classes and curricula, school governance and community-based education efforts. The book takes an interdisciplinary approach to exploring the experiences and perspectives of educators and youth involved in these civic education efforts. The contributors offer rich analyses of how mainstream and alternative programs are envisioned and enacted and the most important factors that shape them. A variety of theoretical lenses and qualitative methodologies are used, including ethnography, focus group interviews, and content analyses of textbooks.
