Global Report On Child Soldiers

**Robert Cryer, Håkan Friman, Darryl
Robinson, Elizabeth Wilmshurst**

Global Report On Child Soldiers:

International Law and Child Soldiers Gus Waschefort, 2014-12-04 This book commences with an analysis of the current state of child soldiering internationally Thereafter the proscriptive content of contemporary norms on the prohibition of the use and recruitment of child soldiers is evaluated so as to determine whether these norms are capable of better enforcement An issues based approach is adopted in terms of which no specific regime of law such as international humanitarian law IHL is deemed dominant Instead universal and regional human rights law international criminal law and IHL are assessed cumulatively so as to create a mutually reinforcing web of protection Ultimately it is argued that the effective implementation of child soldier prohibitive norms does not require major changes to any entity or functionary engaged in such prevention rather it requires the constant reassessment and refinement of all such entities and functionaries and here some changes are suggested International judicial quasi judicial and non judicial entities and functionaries most relevant to child soldier prevention are critically assessed Ultimately the conclusions reached are assessed in light of a case study on the use and recruitment of child soldiers in the Democratic Republic of the Congo **Child Soldiers Global Report** ,2001 Report on use of children as soldiers in over 180 countries Child Soldiers Coalition to Stop the Use of Child Soldiers, 2001 *The Global Victimization of Children* Clayton A. Hartjen, S. Priyadarsini, 2012-01-12 This book describes the concept of child victimization in all its facets Millions of young people throughout the world face violence sexual physical and emotional abuse and exploitation on a daily basis The worldwide victimization of young people can be prevented or at least its incidence can be greatly reduced if purposeful action is taken to do so This volume researches and documents some of the ways in which young people throughout the world are victimized and suggests strategies for preventing various forms of child victimization Eight distinct forms of victimization are identified and analyzed in detail Included are discussions on child prostitution and pornography economic exploitation through child labor and trafficking physical and other abuse inflicted on young people in schools and other institutions the use of children as armed combatants and the denial of the basic needs and rights of children to such things as home and to education In each chapter the authors discuss the nature of the victimization its global dimensions and prevalence and the measures governments and or others are taking or failing to take to combat the harm based on the concept that youth victimization is a form of government crime *Child Soldiers* David M. Rosen, 2012-04-23 This book exposes the role of children in war describing where why and how children are deployed the attempts made by international organizations to protect children and the underlying political and cultural issues that make this such a thorny issue In conflict torn countries such as Myanmar and Uganda the use of child soldiers in military and paramilitary operations continues to occur despite widespread condemnation and the efforts of organizations such as the Coalition to Stop the Use of Child Soldiers This book will allow readers to grasp the impact of this issue for both individuals and nations worldwide *Child Soldiers A Reference Handbook* traces the evolution of child soldiers from approximately 1940

onwards covering important historical to modern conflicts The subject is discussed from a global perspective with particular attention given to areas where the use of child soldiers is most prevalent The book covers the complex underlying reasons for the continued use of child soldiers in the modern world examines the political and psychological consequences of using children both male and female in military and paramilitary organizations and describes how this subject has been addressed by international law and various human rights organizations **Human Security Report 2005** Human Security Centre,2005 See pages 40 42 for a discussion of the falling incidence of genocide since the end of the Cold War **Child Soldiers** Myriam S. Denov,2010-03-25 Traces the experiences of child soldiers in Sierra Leone during and after war and examines the implications of their participation **Child to Soldier** Opiyo Oloya,2013-01-01 A collection of stories and interviews from former child soldiers of the Lord s Resistance Army **Child Soldiers** Michael Wessells,2009-03-31 Compelling and humane this book reveals the lives of the 300 000 child soldiers around the world challenging stereotypes of them as predators or a lost generation Kidnapped or lured by the promise of food protection revenge or a better life children serve not only as combatants but as porters spies human land mine detectors and sexual slaves Nearly one third are girls and Michael Wessells movingly reveals the particular dangers they face from pregnancy childbirth complications and the rejection they and their babies encounter in their local contexts Based mainly on participatory research and interviews with hundreds of former child soldiers worldwide Wessells allows these ex soldiers to speak for themselves and reveal the enormous complexity of their experiences and situations The author argues that despite the social moral and psychological wounds of war a surprising number of former child soldiers enter civilian life and he describes the healing livelihood education reconciliation family integration protection and cultural supports that make it possible A passionate call for action **Child Soldiers** pushes readers to go beyond the horror stories to develop local and global strategies to stop this theft of childhood **War and Children** Kendra E. Dupuy,Krijn Peters,2009-11-19 A comprehensive up to date presentation of how children and young people are affected by and respond to situations of armed conflict and postwar reconstruction **War and Children A Reference Handbook** looks at one of the most wrenching aspects of armed conflict ranging across the globe to examine the different ways armed conflict and postwar reconstructions affect children and young people and how they have responded to both war and efforts to alleviate war s destruction While war has always affected children the nature of that impact has changed in the last half century Civil conflicts break out in mostly poor developing countries with large populations of young people and combatants are less hesitant to turn civilian areas into battlegrounds **War and Children** explores these phenomena by focusing primarily on recent conflicts worldwide with case studies dramatizing important issues and controversies including the considerable number of children soldiers throughout the world **Child Soldiers: From Recruitment to Reintegration** Alpaslan Özerdem,Sukanya Podder,2011-08-29 This book examines the complex and under researched relationship between recruitment experiences and reintegration outcomes for child soldiers It looks at time

spent in the group issues of cohesion identification affiliation membership and the post demobilization experience of return and resettlement

Handbook of Children's Rights Martin D. Ruck, Michele Peterson-Badali, Michael Freeman, 2016-12-08 While the notion of young people as individuals worthy or capable of having rights is of relatively recent origin over the past several decades there has been a substantial increase in both social and political commitment to children's rights as well as a tendency to grant young people some of the rights that were typically accorded only to adults In addition there has been a noticeable shift in orientation from a focus on children's protection and provision to an emphasis on children's participation and self determination With contributions from a wide range of international scholars the Handbook of Children's Rights brings together research theory and practice from diverse perspectives on children's rights This volume constitutes a comprehensive treatment of critical perspectives concerning children's rights in their various forms Its contributions address some of the major scholarly tensions and policy debates comprising the current discourse on children's rights including the best interests of the child evolving capacities of the child states rights versus children's rights rights of children versus parental or family rights children as citizens children's rights versus children's responsibilities and balancing protection and participation In addition to its multidisciplinary focus the handbook includes perspectives from social science domains in which children's rights scholarship has evolved largely independently due to distinct and seemingly competing assumptions and disciplinary approaches e g childhood studies developmental psychology sociology of childhood anthropology and political science The handbook also brings together diverse methodological approaches to the study of children's rights including both quantitative and qualitative perspectives and policy analysis This comprehensive cosmopolitan and timely volume serves as an important reference for both scholarly and policy driven interest in the voices and perspectives of children and youth

Militarized Youth Johanna Higgs, 2019-10-08 Based on ethnographic fieldwork and interviews from across Colombia including former child guerillas former hostages of the guerilla organization mothers of child soldiers and humanitarian aid workers this volume explores the experiences of children involved with the Colombian guerilla group the Fuerzas Armadas Revolucionarias de Colombia Farc Going beyond the predominant humanitarian perspectives on child soldiers Johanna Higgs delves into the specific social and cultural aspects of the Colombian conflict to give a contextualized culturally relevant understanding of the processes of both militarization and demobilization of children deploying the theoretical lens of lifeworlds In so doing Higgs not only provides insight into children's involvement in conflict in Colombia but presents a clear case for a move away from homogenized understandings of child soldiers thus far dominated by viewpoints from industrialized Western nations Tying together perspectives from anthropology sociology psychology politics and international development Higgs provides not only a much needed examination of how children are militarized soldiering in the Farc context and demilitarization but also a blueprint for how research can be tied to specific cultural contexts

International Issues in Social Work and Social Welfare CQ Researcher, 2009-09-01 International Issues in

Social Work and Social Welfare is now available through CourseSmart What is human trafficking and where does it occur How have other nations exploited children as child soldiers and what can be done about it Have violence and discrimination against women increased or decreased globally over the past decade The collection of articles in International Issues in Social Work and Social Welfare addresses these questions and many more The articles encourage lively classroom discussion and debate and bring pressing international issues into the classroom for almost any course across the social work curriculum as required by the new guidelines set forth by the Council on Social Work Education About CQ Researcher Readers In the tradition of nonpartisanship and current analysis that is the hallmark of CQ Press CQ Researcher readers investigate important and controversial policy issues Offer your students the balanced reporting complete overviews and engaging writing that CQ Researcher has consistently provided for more than 80 years Each article gives substantial background and analysis of a particular issue as well as useful pedagogical features to inspire critical thinking and to help students grasp and review key material A pro con box that examines two competing sides of a single question A detailed chronology of key dates and events An annotated bibliography that includes Web resources An outlook section that addresses possible regulation and initiatives from Capitol Hill and the White House over the next 5 to 10 years Photos charts graphs and maps
