The Expositions On The Psalms Volume 1 St. Augustine of Hippo, In any commentary on a portion of the Old Testament by a writer unacquainted with Hebrew exact criticism and freedom from mistake must not be expected But the Psalms have been so in the mouth and in the heart of God s people in all languages that it has been necessary often to find an explanation suitable to imperfect translations And no doubt it is intended that we should use such explanations for the purpose of edification when we are unable to be more accurate though in proving doctrine it is necessary always to remember and allow for any want of acquaintance with the original or uncertainty with respect to its actual meaning However the main scope and bearing of the text is rarely affected by such points as vary in different translations and the analogy of the faith is sufficient to prevent a Catholic mind from adopting any error in consequence of a text seeming to bear a heterodox meaning Perhaps the errors of translation in the existing versions may have led the Fathers to adopt rules of interpretation ranging too far from the simple and literal but having such translations they could hardly use them otherwise Meanwhile St Augustin will be found to excel in the intense apprehension of those great truths which pervade the whole of Sacred Writ and in the vivid and powerful exposition of what bears upon them It is hardly possible to read his practical and forcible applications of Holy Scripture without feeling those truths by the faith of which we ought to live brought home to the heart in a wonderful manner His was a mind that strove earnestly to

solve the great problems of human life and after exhausting the resources and discovering the emptiness of erroneous systems found truth and rest at last in Catholic Christianity in the religion of the Bible as expounded by St Ambrose This is volume one out of two covering the Psalms I through LXXIII **The Book Of Heaven (Volumes 1 to 36)** Luisa Piccarreta, 2023-03-08 In every act of one who lives in the Divine Volition he pronounces the Fiat there and forms of it so many divine lives How he gives himself into the power of the creature and lets her do that which she wants with him Difference that passes between one who lives in him and between one who is resigned I am always between the arms of the divine Fiat and oh how I feel the need of his life that breathes beats circulates in my poor soul Without him I feel that all dies for me the light dies sanctity strength even heaven itself as if it might not belong to me anymore Instead as I feel his life all rearises in me The light re arises with its beauty that vivifies purifies and sanctifies My own Jesus re arises with all his works Heaven re arises which the holy Volition encloses within my soul as within a sanctuary in order to make it all mine So that if I live in his Will everything is mine and nothing should be missing for me Lange's Commentary on the Holy Scripture, Volume 1 Lange, John Peter, All sixty three of the original volumes are included in a nine volumes set There are two linked indexes in this volume a main index at the front of this volume that will take you to the beginning each of the books of the bible and another index at the beginning of each book there is a linked scripture index leading to the particular subject Lange s Commentary on the Old and New Testaments translated revised edited and enlarged from the German editions of John Peter Lange and many contributors and edited by Philip Schaff Lange s Commentary on the entire Bible has remained one of the most useful and valuable work of its kind It is conservative in theology and universal in hermeneutics Delmarva Publications is proud to make it available in digital format The original work was completed in 63 volumes but we have made it available in 9 volumes they are Volume 1 Genesis to Ruth Volume 2 1 Samuel to Esther Volume 3 Job to Ecclesiastes Volume 4 Song of Songs to Lamentations Volume 5 Ezekiel to Malachi Volume 6 Matthew to John Volume 7 Acts to 2 Corinthians Volume 8 Galatians to 2 Timothy Volume 9 Titus to Revelation A.W. Pink's Studies In The Scriptures - 1922-23, Volume 1 of 17 Arthur W Pink, 2001-09 **A Layman'S Commentary Volume 1** John Devine, 2013-11-12 In todays world it can be difficult to maintain your faith Those seeking a greater understanding of the Bible have numerous excellent theological commentaries available to them but due to volume and depth many of these are out of reach of laypeople Others lose contact with the Bible because it no longer seems relevant to life They use a superficial knowledge of science and evolution to exclude God and faith from their experiences The Laymans Commentary Volume 1 Book of the Law presents a passageby passage explanation of the first five books of the Bible known as the Pentateuch In this first volume author John Devine covers biblical passages from the Beginning to the end of the Exodus from Egypt He explains Gods self revelation and plan for a relationship with humankind He considers the relevance of creation and science as well as Gods moral standard which has been the backbone of Western society Devine also lays out the basis for a full and rewarding relationship with God

Volume 1 Michael Horton, 2018-11-27 The first of a two volume project delving into the doctrine of justification Michael Horton seeks not simply to recover a clear message of its role in modern Reformed theology but also to bring a fresh discovery of the gospel in a time when contemporary debates around justification have reignited The doctrine of justification stands at the center of our systematic reflection on the meaning of salvation and grace as well as our piety mission and life together And yet within mainline Protestant and evangelical theology it s often taken for granted or left to gather dust in favor of modern concerns and self renewal Volume 1 is an exercise in historical theology exploring the doctrine of justification from the patristic era to the Reformation This book Provides a map for contemporary discussions of justification identifying and engaging principal sources Origen Chrysostom Augustine Thomas Aquinas John Duns Scotus William of Ockham Gabriel Biel and the magisterial reformers Studies the transformations of the doctrine through Aquinas Scotus and the nominalists leading up to the era of the Reformation and the Council of Trent Concludes by examining the hermeneutical and theological significance of the Reformers understanding of the law and the gospel and the resultant covenantal scheme that became formative in Reformed theology Engaging and thorough Justification will not only reenergize the reader whether Protestant or Catholic with a passion for understanding this essential and long running doctrinal conversation but also challenge anyone to engage critically with the history of the Church and the heart of the gospel **Feasting on the Word:**

feastingontheword.net **A History of Preaching Volume 1** O.C. Edwards, Jr., 2010-09-01 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation. Bringing together an impressive array of familiar and lesser known figures, Edwards paints a detailed, compelling picture of what it has meant to preach the gospel. Pastors, scholars, and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching. Volume 1, appearing in the print edition, contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative. Along the way, the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time: Origen, Chrysostom, Augustine, Bernard, Aquinas, Luther, Calvin, Wesley, Edwards, Rauschenbusch, Barth—all of their distinctive contributions receive careful attention. Yet lesser known figures and developments also appear: from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching; to Howell Harris and Daniel Rowlands, preachers of the eighteenth century; Welsh revival; to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew. Volume 2, contained on the enclosed CD-ROM, contains primary source material on preaching drawn from the entire scope of the church's twenty centuries. The author has written an introduction to each selection, placing it in its historical context and pointing to its particular contribution. Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history. Ecumenical in scope, fair-minded in presentation, appreciative of the contributions that all the branches of the church have made to the story of what it means to develop, deliver, and listen to a sermon, *A History of Preaching* will be the definitive resource for anyone who wishes to preach or to understand preaching's role in living out the gospel. This work is expected to be the standard text on preaching for the next 30 years, says Ann K. Riggs, who staffs the NCC's Faith and Order Commission. Author Edwards, former professor of preaching at Seabury Western Theological Seminary, is co-moderator of the commission, which studies church uniting and church dividing issues. *A History of Preaching* is ecumenical in scope and will be relevant in all our churches; we all participate in this field, says Riggs.
