A History of the French Novel (to the Close of the 19th Century) George Saintsbury,1917 *Publications* Folklore Society (Great Britain),1893 *The Making and Remaking of China's "Red Classics"* Rosemary Roberts,Li Li,2017-10-19 The Making and Remaking of China's Red Classics is the first full length work to bring together research on the red classics across the entire Maoist period through to the reform era It covers a representative range of genres including novels short stories films TV series picture books animation and traditional style paintings Collectively the chapters offer a panoramic view of the production and reception of the original red classics and the adaptations and remakes of such works after the Cultural Revolution The contributors present fascinating stories of how a work came to be regarded as or failed to become a red classic There has never been a single answer to the question of what counts as a red classic artists had to negotiate the changing political circumstances and adopt the correct artistic technique to bring out the authentic image of the people while appealing to the taste of the mass audience at the same time A critical examination of these works reveals their sociopolitical and ideological import aesthetic significance and function as a mass cultural phenomenon at particular historical moments This volume marks a step forward in the growing field of the study of Maoist cultural products The Making and Remaking of

China's Red Classics analyzes the creation of literature in the Maoist era as well as the way in which the revolutionary canon was rediscovered and imagined during the reform period. This book is a timely and fascinating set of studies critically illuminating a foundational time during PRC history and its aftermath. Wendy Larson, professor emerita, University of Oregon. Creative works produced in the Mao era 1942-1976 are often dismissed as mere propaganda. Despite the fact that they are artistic reflections of that remarkable period, scholars have generally ignored these red classics. This book throws much needed light on them. It is a must read for anyone wanting to understand the cultural scene in China. Kam Louie, honorary professor, University of Hong Kong and UNSW Australia.

A History of Contemporary Chinese Literature Zicheng Hong, 2007-10-15. This groundbreaking book by the eminent Peking University professor Hong Zicheng covers the literary scene in China during the 1949-1999 period, primarily focusing on fiction, poetry, drama, and prose writing. Reprinted sixteen times since its publication in the PRC in 1999, it is now available in English translation at last. The first section of the book deals with the 1949-1976 period. Often derided and ignored as an arid era for literature by both Chinese and overseas critics, Professor Hong describes the literature that was popular and officially acceptable at the time and the cultural policies and political campaigns that shaped the tastes of readers and the literary creativity of writers during the period. This part of the book is remarkable for Professor Hong's candidness and open-mindedness, qualities that would have made this text difficult to publish at an earlier date in China. Furthermore, the platform that the first part of the text provides renders the second part even more understandable to readers unfamiliar with the post-1976 literary scene and offers new insights to those who are familiar with it, demonstrating as it does the close links between the two distinctive eras. These links are provided by the resumption of literary traditions that had been more or less abandoned during the preceding ten-year period, as well as reactions against literature nurtured and guided by the state cultural apparatus. The second part of the book consists of a comprehensive description of developments and insightful explanations of those developments in the literary arts and literary criticism since 1976. A unique and much needed accomplishment in contemporary literary studies. Also available in paperback.

Bookseller & Stationer and Office Equipment Journal, 1926. *Pilgrim's Progress*, Puritan Progress. Kathleen M. Swaim, 1993. For at least the first two centuries following its publication, John Bunyan's *Pilgrim's Progress* was among the most formative and beloved books. England contributed to the Western tradition second only to the English Bible in popularity and influence. In this important new study, Kathleen Swaim recognizes Bunyan as a major Puritan cultural figure and *Pilgrim's Progress* as a multilayered locus of cultural, historical, and theological, as well as literary, systems. Her work maps shifts of cultural and theological emphasis as Christianity's focus on the Word and Protestant martyrdom in Part I, 1678, gives way to Christianity's characteristic emphasis on good works and the material reality of the Church in the world in Part II, 1684. Swaim's study locates Part I of *Pilgrim's Progress* within the discourses of allegory, myth, the biblical and sermon word, and the conversion narrative tradition. It locates Part II within modern social constructions, particularly those of gender and within

contemporary church practices and emerging new modes of representation It draws upon Bunyan s numerous other works to explicate Pilgrim s Progress as a mirror of evolving late seventeenth century Puritan culture **Chaos and Complexity**
