A Postcolonial Reading of Mark's Story of Jesus Simon Samuel, 2007-04-18 This unique contribution to Markan studies reads Mark's story of Jesus from a postcolonial perspective It proposes that Mark need not necessarily be treated in an oversimplified polarity as an anti or pro colonial discourse Instead it may be treated as a postcolonial discourse i e as a hybrid discourse that accommodates and disrupts both the native Jewish and the Roman colonial discourses of power It shows that Mark accommodates itself into a strategic third space in between the variegated native Jewish and the Roman colonial discourses in order to enunciate its own voice As an ambivalent and hybrid discourse it mimics and mocks accommodates and disrupts both the Jewish as well as the Roman colonial voices The portrait of Jesus in Mark which Samuel shows to be encoding also the portrait of a community exhibits a colonial postcolonial conundrum which can neither be damned as pro nor be praised as anti colonial in nature Instead the portrait of Jesus in Mark may be appreciated as a strategic essentialist and transcultural hybrid in which the claims of difference and the desire for transculturality are both contradictorily present and visible In showing such a portrait and invoking a complex discursive strategy Mark as the discourse of a subject community is not alone or unique in the Graeco Roman world A number of discourses historical creative novelistic and apocalyptic of the subject Greek and Jewish communities in the eastern Mediterranean under the imperium of Rome from the second century BCE to the end of the first century CE exhibit very similar postcolonial traits which one may add to be not far from the postcolonial traits of a number of

postcolonial creative writings and cultural discourses of the colonial subject and the dominated post colonial communities of our time

The Literary Underground in the 1660s Stephen Bardle,2012-10-04 The restoration of the monarchy in 1660 has commonly been thought to represent a return to political stability and religious consensus following the tumultuous civil wars and the Commonwealth period However by analysing underground texts from 1660 to 1670 Stephen Bardle provides a new literary historical narrative of what was in fact one of the most tumultuous periods in English history This new study contributes to an on going historical re evaluation of the Restoration period a time when terrible plague the Great Fire of London and a brutal war against the Dutch quickly undermined the popularity of the new government *The Literary Underground in the 1660s* tells the story of three writers who fuelled the flames of opposition by contributing illicit texts to a small yet intense public sphere via the literary underground Key texts by Andrew Marvell including *The Garden* are set in the context of under explored works by the poet and pamphleteer George Wither and the indomitable satirist Ralph Wallis This book draws upon extensive archival research and features neglected manuscript and print sources As an original study of the literary underground which sheds light on the vibrancy of political opposition in the 1660s this book should be of interest to students of radicalism as well as seventeenth century historians and literary scholars
