## **Good Hunting An American Spymaster S Story:**

**Good Hunting** Jack Devine, Vernon Loeb, 2024-09-04 A sophisticated deeply informed account of real life in the real CIA that adds immeasurably to the public understanding of the espionage culture Bob Woodward Jack Devine ran Charlie Wilson's War in Afghanistan It was the largest covert action of the Cold War and it was Devine who put the brand new Stinger missile into the hands of the mujahideen during their war with the Soviets paving the way to a decisive victory against the Russians He also pushed the CIA's effort to run down the narcotics trafficker Pablo Escobar in Colombia He tried to warn the director of central intelligence George Tenet that there was a bullet coming from Iraq with his name on it He was in Chile when Allende fell and he had too much to do with Iran Contra for his own taste though he tried to stop it And he tangled with Rick Ames the KGB spy inside the CIA and hunted Robert Hanssen the mole in the FBI Good Hunting the spellbinding memoir of Devine's time in the Central Intelligence Agency where he served for more than thirty years rising to become the acting deputy director of operations responsible for all of the CIA's spying operations This is a story of intrigue and high stakes maneuvering all the more gripping when the fate of our geopolitical order hangs in the balance But this book also sounds a warning to our nation's decision makers covert operations not costly and devastating full scale interventions are the best safeguard of America's interests worldwide An entertaining chronicle of Devine's decades at the agency and a persuasive case for its continued relevance The Washington Post

**Spymaster's Prism** Jack Devine, 2021-03 An important perspective on US intelligence as well as its Russian adversary A very worthwhile contribution Hayden Peake Studies in Intelligence Spymaster's Prism is a prescient study of our unending struggle with Russia and its intelligence agencies relentless effort to undermine our national security Replete with the most salient spy stories covert actions and counterintelligence investigations from the beginning of the Cold War up until the eve of Putin's misguided march on Kiev legendary spymaster Jack Devine builds a vivid and complex mosaic that illustrates how Russia has employed intelligence activities to undermine our democracy throughout modern history and lay the groundwork for this invasion Devine tells this story through the gimlet-eyed perspective of a seasoned CIA professional who served his country for more than three decades some at the highest levels of the agency offering objective and candid analysis that will bring new insight into Russia's invasion Devine offers key lessons from our intelligence successes and failures over the past seventy five years that illuminate how best to address our current strategic shortfalls emerge ahead in the war and be prepared for what's to come from any adversary This cogent study illuminates why intelligence has been such a key driver in the war and how it will be a critical lever in order to prevail

US Narratives of Nuclear Terrorism Since 9/11 David Seed, 2019-04-06 This study examines the US fiction and related films which makes a series of interventions in the cultural debate over the threat of nuclear terrorism It traces the beginnings of this anxiety from the 1970s which increased during the 1990s after the collapse of the Soviet Union The traumatic events of 9 11 became a major reference point for this fiction which expressed the fear

that of a second and worse 9 11 The study examines narratives of conspiracies which are detected and forestalled and of others which lead to the worst of all outcomes nuclear detonations sometimes delivered by suitcase nukes In some of these narratives the very fate of the nation hangs in the balance in the face of nuclear apocalypse The discussion considers cases of attacks by electromagnetic pulse EMP cyberterrorism and even bioterrorism Some of the authors examined are present or former politicians members of the CIA and former president Bill Clinton

### **Gender, Sexuality, and Intelligence Studies**

Mary Manjikian,2020-06-18 This is the first work to engage with intelligence studies through the lens of queer theory Adding to the literature in critical intelligence studies and critical international relations theory this work considers the ways in which both the spy and the activities of espionage can be viewed as queer Part One argues that the spy plays a role which represents a third path between the hard power of the military and the soft power of diplomacy Part Two shows how the intelligence community plays a key role in enabling leaders of democracies to conduct covert activities running counter to that mission and ideology in this way allowing a leader to have two foreign policies an overt public policy and a second closeted queer foreign policy

**More Stories from Langley** Edward Mickolus,2020-09-01 Who knew the CIA needed librarians More Stories from Langley reveals the lesser known operations of one of the most mysterious government agencies in the United States Edward Mickolus is back with more stories to answer the question What does a career in the CIA look like Advice and anecdotes from both current and former CIA officers provide a look at the side of intelligence operations that is often left out of the movies What was it like working for the CIA during 9 11 Do only spies get to travel More Stories from Langley has physicists getting recruited to the agency during the Cold War foreign language majors getting lucky chances and quests to learn by living turning into sweaty palmed calls to the U S embassy after being detained by Russian intelligence officers The world only needs so many suave super spies More Stories from Langley shows how important academics retired soldiers and bilingual nannies can be in preserving the security of our nation

### **The New Spymasters**

Stephen Grey,2015-07-14 The old world of spying dead letter boxes microfilm cameras an enemy reporting to the Moscow Center and a hint of sexual blackmail is history The spymaster's technique has changed and the enemy has too He or she now frequently comes from a culture far removed from Western understanding and is part of a less well organized group The new enemy is constantly evolving and prepared to kill the innocent In the face of this new threat the spymasters of the world shunned human intelligence as the primary way to glean clandestine information and replaced it with an obsession that focuses on the technical methods of spying ranging from the use of high definition satellite photography to the global interception of communications However this obsession with technology has failed most spectacularly with the devastation of the 9 11 attacks In this searing modern history of espionage Stephen Grey takes us from the CIA's Cold War legends to the agents who betrayed the IRA through to the spooks inside Al Qaeda and ISIS Techniques and technologies have evolved but the old motivations for betrayal patriotism greed revenge compromise endure Based on years of research and interviews with

hundreds of secret sources Stephen Grey's *The New Spymasters* is an up to date expos that shows how spycraft's human factor is once again being used to combat the world's deadliest enemies      **Routledge Handbook of U.S.**

**Counterterrorism and Irregular Warfare Operations** Michael A. Sheehan, Erich Marquardt, Liam Collins, 2021-07-14 This handbook comprises essays by leading scholars and practitioners on the topic of U.S. counterterrorism and irregular warfare campaigns and operations around the globe. Terrorist groups have evolved substantially since 9/11 with the Islamic State often described as a pseudo state, a terrorist group and insurgency all at the same time. While researchers, analysts and policymakers' understanding of terrorism has grown immensely over the past two decades, similar advancements in the understanding of counterterrorism lag. As such, this handbook explains why it is necessary to take a broader view of counterterrorism which can and often does include irregular warfare. The volume is divided into three thematic sections. Part I examines modern terrorism in the Islamic world and gives an overview of the major terrorist groups from the past three decades. Part II provides a wide variety of case studies of counterterrorism and irregular warfare operations spanning from the 1980s to the irregular warfare campaign against the Islamic State in northern Syria in 2018. Part III examines the government instruments used to combat terrorism and wage irregular warfare such as drones, Theater Special Operations Commands and Theater Commands. The handbook fills a gap in the traditional counterterrorism literature by its inclusion of irregular warfare and by providing analyses from academic experts as well as practitioners. It will be of much interest to students of counterterrorism, counterinsurgency, U.S. national security, military affairs and International Relations. The Open Access version of this book is available at <https://www.routledge.com/Routledge-Handbook-of-US-Counterterrorism-and-Irregular-Warfare-Operations/Sheehan-Marquardt-Collins/p/book/9780367758363> has been made available under a Creative Commons Attribution Non-Commercial No Derivatives 4.0 license      The ^AOxford Handbook of National Security Intelligence Loch

K. Johnson, 2025-10-10 The second edition of *The Oxford Handbook of National Security Intelligence* is a thoroughly updated state of the art work on the role of secret agencies in defending the democracies and intelligence activities in authoritarian regimes. Throughout, contributors factor in broader historical and political contexts that are integral to understanding how intelligence agencies function in our information dominated age      **The Oxford Handbook of National Security Intelligence**

Loch K. Johnson, Regents Professor Emeritus of International Affairs Loch K. Johnson, 2025-10-27 This is a book about national security intelligence (NSI), a phrase referring to the activities of a nation's secretive government agencies. Foremost among these activities is the collection and analysis of information that might provide policy officials with timely, accurate and unbiased knowledge of potential threats and opportunities, a decision advantage. Examined as well are the intelligence responsibilities of covert action and counterintelligence. Covert action refers to the use of hidden operations to advance a nation's interests in world affairs, activities that include propaganda, political actions, economic sabotage and paramilitary operations. Counterintelligence requires a nation's secret services to protect its own secrets from being stolen.

and to help shelter the homeland from attack by hostile intelligence services terrorist organizations and domestic subversives Explored too is a fundamental challenge faced by democratic nations keeping their secret agencies accountable to the law and ethical values This vital task involves the executive and lawmaking divisions of government plus the intelligence agencies themselves to carry out programs that help ensure the legality and morality of spy operations The era of new and more serious intelligence accountability over intelligence activities began in earnest during 1975 with the Church Committee inquiries and continues today The ongoing search continues in the United States the United Kingdom Canada and several other democracies for the proper balance between the close supervision of intelligence under the law on the one hand and sufficient executive discretion to permit the effective conduct of vital intelligence missions against foreign autocrats and domestic insurrectionists on the other hand Provided by publisher

**The Ghosts of Langley** John Prados, 2017-11-07 The Ghosts of Langley offers a detail rich often relentless litany of CIA scandals and mini scandals and a prayer that the CIA learn from and publicly admit its mistakes rather than perpetuate them in an atmosphere of denial and impunity The Washington Post From the writer Kai Bird calls a wonderfully accessible historian the first major history of the CIA in a decade published to tie in with the seventieth anniversary of the agency's founding During his first visit to Langley the CIA's Virginia headquarters President Donald Trump told those gathered I am so behind you there's nobody I respect more hinting that he was going to put more CIA operations officers into the field so the CIA could smite its enemies ever more forcefully But while Trump was making these promises behind the scenes the CIA was still reeling from blowback from the very tactics that Trump touted including secret overseas prisons and torture that it had resorted to a decade earlier during President George W Bush's war on terror Under the latest regime it seemed that the CIA was doomed to repeat its past failures rather than put its house in order The Ghosts of Langley is a provocative and panoramic new history of the Central Intelligence Agency that relates the agency's current predicament to its founding and earlier years telling the story of the agency through the eyes of key figures in CIA history including some of its most troubling covert actions around the world It reveals how the agency over seven decades has resisted government accountability going rogue in a series of highly questionable ventures that reach their apotheosis with the secret overseas prisons and torture programs of the war on terror Drawing on mountains of newly declassified documents the celebrated historian of national intelligence John Prados throws fresh light on classic agency operations from Poland to Hungary from Indonesia to Iran Contra and from the Bay of Pigs to Guantánamo Bay The halls of Langley Prados persuasively argues echo with the footsteps of past spymasters to the extent that it resembles a haunted house Indeed every day that the militarization of the CIA increases the agency drifts further away from classic arts of espionage and intelligence analysis and its original mission while pushing dangerously beyond accountability The Ghosts of Langley will be essential reading for anyone who cares about the next phase of American history and the CIA's evolution as its past informs its future and a president of impulsive character prods the agency toward new scandals and failures

**Spiritual Truth in the Age of Fake News** Elizabeth Geitz, 2019-12-23 Fake News That's Fake News In a few short years the phrase Fake News has earned a place in dictionaries in national discourse and in our daily lives But Fake News is not new Fake News began when people first interpreted the Bible to advance their own agenda Commonly held beliefs about what the Bible says regarding women LGBTQ folks slavery immigrants and Jews trumpets Fake News that is destroying people's lives What is the best way to counter Fake News With the truth To do so Episcopal priest Elizabeth Geitz turns to the 1 bestselling book year after year the Bible Sexism racism anti-Semitism and heterosexism are experiencing an alarming resurgence today It is time for an accessible book that sets the record straight on what the Bible really says regarding the many isms affecting all of us It is time for the Fake News about the Bible to come to a screeching halt The 101 eye opening reflections in **Spiritual Truth in the Age of Fake News** are a call to action for people of different faiths or no faith at all This a must read for anyone exhausted by the daily barrage of Fake News who is seeking the relief of the authentic **The Cold**

**War** Bridget Kendall, 2017-07-06 The Cold War is one of the furthest reaching and longest lasting conflicts in modern history It spanned the globe from Greece to China Hungary to Cuba and lasted for almost half a century It has shaped political relations to this day drawing new physical and ideological boundaries between East and West In this meticulously researched account Bridget Kendall explores the Cold War through the eyes of those who experienced it first hand Alongside in depth analysis that explains the historical and political context the book draws on exclusive interviews with individuals who lived through the conflict's key events offering a variety of perspectives that reveal how the Cold War was experienced by ordinary people From pilots making food drops during the Berlin Blockade and Japanese fishermen affected by H bomb testing to families fleeing the Korean War and children whose parents were victims of McCarthy's Red Scare The Cold War covers the full geographical and historical reach of the conflict The Cold War is essential reading for anyone seeking to understand how the tensions of the last century have shaped the modern world and what it was like to live through them **Intelligence in**

**the National Security Enterprise** Roger Z. George, 2020-02-03 This textbook introduces students to the critical role of the US intelligence community within the wider national security decision making and political process Intelligence in the National Security Enterprise defines what intelligence is and what intelligence agencies do but the emphasis is on showing how intelligence serves the policymaker Roger Z George draws on his thirty year CIA career and more than a decade of teaching at both the undergraduate and graduate level to reveal the real world of intelligence Intelligence support is examined from a variety of perspectives to include providing strategic intelligence warning daily tactical support to policy actions as well as covert action The book includes useful features for students and instructors such as excerpts and links to primary source documents suggestions for further reading and a glossary [Studies in Intelligence](#), 2014 **Intimate**

**Lies and the Law** Jill Elaine Hasday, 2019-06-25 Jill Elaine Hasday's **Intimate Lies and the Law** won the Scribes Book Award from the American Society of Legal Writers for the best work of legal scholarship published during the previous year and the

Foreword INDIES Book of the Year Award for Family and Relationships Intimacy and deception are often entangled People deceive to lure someone into a relationship or to keep her there to drain an intimate's bank account or to use her to acquire government benefits to control an intimate or to resist domination or to capture myriad other advantages No subject is immune from deception in dating sex marriage and family life Intimates can lie or otherwise intentionally mislead each other about anything and everything Suppose you discover that an intimate has deceived you and inflicted severe even life altering financial physical or emotional harm After the initial shock and sadness you might wonder whether the law will help you secure redress But the legal system refuses to help most people deceived within an intimate relationship Courts and legislatures have shielded this persistent and pervasive source of injury routinely denying deceived intimates access to the remedies that are available for deceit in other contexts *Intimate Lies and the Law* is the first book that systematically examines deception in intimate relationships and uncovers the hidden body of law governing this duplicity Hasday argues that the law has placed too much emphasis on protecting intimate deceivers and too little importance on helping the people they deceive The law can and should do more to recognize prevent and redress the injuries that intimate deception can inflict

*The Decisive Decade* Jonathan D. T. Ward, 2023-04-25 With a focus on the economic battlefield and in depth analysis of the diplomatic military and ideological arenas the world's foremost expert on US China global competition offers a rousing strategic call to action and playbook harvesting all of our nation's ingenuity confidence and will power to outcompete the long term strategies of China and its Communist Party In *The Decisive Decade* Dr Jonathan D T Ward China scholar and founder of the Atlas Organization a consultancy focused on US China global competition offers a comprehensive framework for how the United States can and must defeat China on the world stage economically diplomatically militarily and ideologically International security and American supremacy are at stake and now is the time for the US to take action China's global power and influence grows every day Working from a deep sense of national identity the Chinese Communist Party is leading its country toward what it deems the great rejuvenation of the Chinese Nation and executing a long term Grand Strategy to topple over its chief adversary the United States As China becomes increasingly repressive domestically and aggressive overseas it threatens to upend America's global dominance at every turn Ward provides novel and practical strategies that our government as well as our businesses and our citizens can utilize to undermine our adversary Exhaustive campaigns in the economic diplomatic military and ideological arenas he argues must be taken to achieve victory With expert analysis of the history of US China relations as well as insight into how the Russia Ukrainian war can inform our strategic thinking *The Decisive Decade* presents a unique toolkit for our triumph over China We can succeed but it won't be easy it will take all of our nation's ingenuity confidence and willpower to win **The Caravan** Thomas Hegghammer, 2020-03-05 Abdallah Azzam the Palestinian cleric who led the mobilization of Arab fighters to Afghanistan in the 1980s played a crucial role in the internationalization of the jihadi movement Killed in mysterious circumstances in 1989 in Peshawar Pakistan he

remains one of the most influential jihadi ideologues of all time Here in the first in depth biography of Azzam Thomas Hegghammer explains how Azzam came to play this role and why jihadism went global at this particular time It traces Azzam s extraordinary life journey from a West Bank village to the battlefields of Afghanistan telling the story of a man who knew all the leading Islamists of his time and frequented presidents CIA agents and Cat Stevens the pop star It is however also a story of displacement exclusion and repression that suggests that jihadism went global for fundamentally local reasons

**Nothing But the Truth** Maryann Karinch,2015-01-19 Shocking real life spy secrets Dangerously powerful psychological and emotional levers that instantly allow the reader to build and leverage trust Janine Driver body language contributor to NBC s Today Show and New York Times bestselling author To get the truth from someone you need two sets of skills The first are the interpersonal skills necessary to get the facts But the second group of skills is equally if not more important they enable you to assess whether the facts actually fit together whether they are true and identify the emotions that shaped them In Nothing but the Truth top intelligence experts from the worlds of espionage business and law enforcement reveal how they get the information they need and give you the key tools to get the information you need including A system to vet sources Eight conversation motivators that help you drive toward the truth Techniques to turn a hostile source into a cooperative one The means to control the sequence of a conversation Getting the truth through email or on the phone Whether your aim is to grill suspects and witnesses help someone with an urgent need figure out who is lying or cheating or upgrade your ability to be honest with yourself Nothing but the Truth will show you how to do it Karinch has amassed an extraordinary compilation of analysis and practical advice by top experts in the field There is nothing on the book market quite like it It will change the way you look at yourself and other people You will find it to be a fun and highly valuable read Jack Devine author of Good Hunting former head of CIA **The Counterintelligence Chronology** Edward

Mickolus,2015-08-13 Spying in the United States began during the Revolutionary War with George Washington as the first director of American intelligence and Benedict Arnold as the first turncoat The history of American espionage is full of intrigue failures and triumphs and motives honorable and corrupt Several notorious spies became household names Aldrich Ames Robert Hanssen the Walkers the Rosenbergs and were the subjects of major motion pictures and television series Many others have received less attention This book summarizes hundreds of cases of espionage for and against U S interests and offers suggestions for further reading Milestones in the history of American counterintelligence are noted Charts describe the motivations of traitors American targets of foreign intelligence services and American traitors and their foreign handlers A former member of the U S intelligence community the author discusses trends in intelligence gathering and what the future may hold An annotated bibliography is provided written by Hayden Peake curator of the Historical Intelligence Collection of the Central Intelligence Agency *The U.S. Intelligence Community* Jeffrey T Richelson,2018-05-04 The role of intelligence in US government operations has changed dramatically and is now more critical than ever to domestic security

and foreign policy This authoritative and highly researched book written by Jeffrey T Richelson provides a detailed overview of America s vast intelligence empire from its organizations and operations to its management structure Drawing from a multitude of sources including hundreds of official documents The US Intelligence Community allows students to understand the full scope of intelligence organizations and activities and gives valuable support to policymakers and military operations The seventh edition has been fully revised to include a new chapter on the major issues confronting the intelligence community including secrecy and leaks domestic spying and congressional oversight as well as revamped chapters on signals intelligence and cyber collection geospatial intelligence and open sources The inclusion of more maps tables and photos as well as electronic briefing books on the book s Web site makes The US Intelligence Community an even more valuable and engaging resource for students
