Snyder, Sally a Dillow, 2014-04 Digest of

Education Statistics 2012 is the 48th in a series of publications initiated in 1962. Its primary purpose is to provide a compilation of statistical information covering the broad field of American education from pre kindergarten through graduate school drawn from government and private sources but especially from surveys and other activities led by NCES National Center for Education Statistics part of the Institute for Education Sciences IES. The digest contains data on the number of schools students and teachers as well as statistics on educational attainment finances libraries technology and international comparisons. Details on population trends education attitudes labor force characteristics and federal aid supplies helpful background for evaluating the education data. This statistical reference could be helpful to parents choosing schools for their children as well as for teachers librarians and public administrators as it tracks enrollment population trends and key areas of studies with student progress. It also tracks the post secondary college level detailing undergraduate tuition and room board ESTIMATE costs at private nonprofit institutions private for profit institutions and public institutions. It also tallies the number of postsecondary degrees and provides some gender demographics in this area. The Digest contains seven chapters: All Levels of Education Elementary and Secondary Education Postsecondary Education Federal Programs for Education and Related Activities Outcomes of Education International Comparisons of Education and Libraries and Adult Education. Preceding these chapters is an Introduction that provides a brief overview of current trends in American education which supplements the tabular materials in chapters 1 through 7. The Digest concludes with three appendixes. The first appendix Guide to Sources provides a brief synopsis of the surveys used to generate the Digest tables. The second Definitions is included to help readers understand terms used in the Digest and the third Index of Table Numbers allows readers to quickly locate tables on specific topics. In addition to updating many of the statistics that have appeared in previous years this edition contains new material including: Percentage distribution of 6 to 18 year olds by parent's highest level of educational attainment household type either two parent or single parent and child's race ethnicity table 12 Enrollment and percentage distribution of enrollment in public elementary and secondary schools by race ethnicity and region table 44 Number and percentage of public school students participating in programs for English language learners by state table 47 Children 3 to 21 years old served under Individuals with Disabilities Education Act Part B by age group and race ethnicity table 49 Percentage of 3 4 and 5 year old children enrolled in preprimary programs by attendance status level of program and selected child and family characteristics table 57 Number and enrollment of public elementary and secondary schools that have closed by school level and type table 109 Number and percentage distribution of public school students eligible for free or reduced price lunch by school level locale and student race ethnicity table 112 Public elementary and secondary charter schools and enrollment by state table 117 First time kindergartners reading mathematics science cognitive flexibility and approaches to learning scale scores in fall and spring of the kindergarten year by selected child family and school characteristics table 135 Number and percentage distribution of kindergartners by kindergarten entry status i.e. early
