Rating Governance Ahmed Naciri,2015-01-30 Credit rating agencies play an essential role in the modern financial system and are relied on by creditors and investors on the market In the recent financial crisis their power and reliability were often questioned yet a simple rating downgrade could threaten to bankrupt a whole country This book examines the governance of credit rating agencies as expressed by their ability to fairly ethically and consistently assign higher rates to issuers having lesser default risks However factors such as the drive for increased revenue and market share the inadequate business model the inadequate methodology of assessing risk opacity and inadequate internal monitoring have all been identified as critical governance failures for credit agencies This book explores these issues and proposes some potential solutions and improvements This will be of interest to researchers and advanced students of corporate finance financial economics risk management investment management and banking

Setting the Standard for Project Based Learning John Larmer,John Mergendoller,Suzie Boss,2015-05-26 Project based learning PBL is gaining renewed attention with the current focus on college and career readiness and the performance based emphases of Common Core State Standards but only high quality versions can deliver the beneficial outcomes that schools want for their students It s not enough to just do projects Today s projects need to be rigorous engaging and in depth and they need to have student voice and choice built in Such projects require careful planning and pedagogical skill The authors leaders at the respected Buck Institute for Education take readers through the step by step process of how to create implement and assess PBL using a classroom tested framework Also included are chapters for school leaders on implementing PBL systemwide and the use of PBL in informal settings Examples from all grade levels and content areas provide evidence of the powerful effects that PBL can have including increased student motivation and preparation for college careers and citizenship better results on high stakes tests a more satisfying teaching experience and new ways for educators to communicate with parents communities and the wider world By successfully implementing PBL teachers can not only help students meet standards but also greatly improve their instruction and make school a more meaningful place for learning Both practical and inspirational this book is an essential guide to creating classrooms and schools where students and teachers excel

Smelter Grade Alumina from Bauxite Benny E. Raahauge,Fred S. Williams,2022-01-23 This book provides a comprehensive review of the production of smelter grade alumina from bauxite ores It emphasizes the best practices applied in the industry today but seen in a historical context with a view to future challenges and developments The control of alumina quality is discussed in detail including the effects that alumina quality have on the aluminum smelter process with respect to environmental performance current efficiency and metal purity The discussion of alumina quality will be relevant to people on the smelter side as this is the interface between refinery and smelter Emphasis is placed on the major steps of the Bayer Process including digestion

clarification precipitation calcination and management of water energy and bauxite residue This book is a valuable resource for active seasoned practitioners and for new engineers entering the industry **Social Inequality as a Global Challenge** Medani P. Bhandari, Shvindina Hanna, 2022-09-01 This book discusses the factors behind the inequalities embedded within our social economic and political systems Social inequalities are especially seen in the service sectors in the differences of access to healthcare education social protection housing systems childcare elderly care etc Cultural inequality which segregates people from the mainstream based on recognition problems with a specific groups social status language religion customs and norms is another widespread issue This book tries to present an accurate picture of these issues with cases studies from various countries Mostly when we talk about inequality the focus is on economic inequality however much inequality persists especially discrimination due to gender age origin ethnicity disability sexual orientation class and religion To end this situation there is a need for social economic and political reform Until or unless the marginalized groups are empowered the inequality issue cannot be solved or even minimized On the basis of various case studies this book encourages us to rethink societal development through the lens of growing inequalities and disparities The book presents new insights for evaluating the progress on social development The book highlights the current challenges of social inequality In combination this collection of edited papers gives an integrated understanding of the question of why is society unequal This book is aimed at those stakeholders who want to make or contribute to change and build an undivided socially inclusive society and to those who want to contribute to empowering society in the Twenty First century **The Mining Journal, Railway and Commercial Gazette** ,1901 [Social Science Abstracts](#) ,1930 **Choice** ,1990 **The Continuing Study of Newspaper Reading** Advertising Research Foundation,1939
