*Lotus Elite, Eclat and Excel* Matthew Vale,2016-02-29 Lotus introduced the Type 75 Elite in 1974 Being a full four seater coupe with an opening glass tailgate it was designed to carry a family in comfort while retaining Lotus trademark excellent road holding and handling Perhaps most importantly it was the first and successful step in Colin Chapman s plan to move upmarket and away from Lotus kit car image The Elite gave rise to two derivatives the Eclat and the Excel The Eclat was a restyled coupe version sacrificing the Elite s unique rear styling and good rear passenger headroom for a more stylish exterior With its conventional coupe styling the Eclat was more mainstream than the Elite and it was in the end the better seller In turn the Eclat spawned the Excel the last of the Elite inspired family Matthew Vale looks at the history of these unusual Lotus models and gives a thorough guide to buying and owning the cars today Lotus 49 Manual 1967-1970 (all marks) Ian Wagstaff,2014-11-24 It was the first car to use the legendary Cosworth DFV engine The car was designed around the DFV engine and was highly significant in being the first successful Formula One car to feature the engine as a structural member The Lotus 49 was also significant in being the first F1 car to feature aerodynamic wings and was the first car to

feature commercial sponsorship in the form of the famous red gold and white Gold Leaf Team Lotus colors Jim Clark famously won on the car s debut at Zandvoort for the Dutch Grand Prix in 1967 and it would also provide him with the last grand prix win of his career in 1968 before Graham Hill went on to win the 1968 F1 World Championship using the car This manual provides a fascinating insight into the design evolution operation maintenance and restoration of the Lotus 49
