I Thought Of Daisy By Edmund Wilson:

I Thought of Daisy Edmund Wilson, 1963 Sketches the artistic and literary life of Greenwich Village after the First World War A depiction of a young man struggling to find his American ideal in a young chorus girl *I thought of daisy*, by *edmund wilson* Edward J. N. Wilson, **Galahad** Edmund Wilson, 1967 **Galahad and I Thought of Daisy** Edmund Wilson, 1963 To read Robert Lowell's last book *Day by Day* published shortly before his death in 1977 is to accompany the poet on a valedictory retrospective of his life and work This is the most elegiac book of one of our great elegists New England Review **Edmund Wilson** Jeffrey Meyers, 2003-09-02 This comprehensive biography of prolific critic essayist historian and novelist Edmund Wilson 1895-1972 posits quite successfully that the subject lived a life as romantic and chaotic as his friend F Scott Fitzgerald's Wilson suffered a nervous breakdown and the tragic death of his second wife he was married four times among them Mary McCarthy had affairs with numerous beautiful women including Edna St Vincent Millay and was friend to literary giants such as John Dos Passos Vladimir Nabokov and W H Auden Edmund Wilson Warner Berthoff, 1968 Edmund Wilson *American Writers* 67 was first published in 1968 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions

Edmund Wilson's America George H. Douglas, 2021-11-21 When Edmund Wilson died in 1972 he was widely acclaimed as one of America's great literary critics But it was often forgotten by many of his admirers that he was also a brilliant and penetrating critic of American life In a literary career spanning half a century Wilson commented on nearly every aspect of the American experience and he produced a body of work on the subject that rivals those of Tocqueville and Henry Adams In this book George H Douglas has distilled the essence from Wilson's many writings on America An active reporter and journalist as much as a scholar Wilson ranged from Harding to Nixon from bathtub gin to marijuana Douglas here surveys Wilson's mordant observations on the roaring twenties the Great Depression income tax suburbia sex populist politics the Vietnam War the Great Society the failure of American scholarship pollution of the landscape and the breakdown of traditional American values The Wilson who emerges from this survey is a historical writer with deep and unshakable roots in Jeffersonian democracy Among his most far seeing and poignant books are studies of the literature of the American Civil War and of the treatment of the American Indian Pained by the crumbling moral order Wilson was never completely at home in the twentieth century In politics he was neither a liberal nor a conservative as those terms are understood today He endured those ideologies and their adherents but his genius was that he could bring them into hard focus from the perspective of the traditional American individualist who was too pained to accept the standardized commercial world that had grown up around him Edmund Wilson's *America* offers a distinctive overview of the nation's life and culture as seen and judged by its leading man of letters *Edmund Wilson* Lewis M. Dabney, 2014-07-14 Edmund Wilson helped shape American letters from the early 1920s through the mid 60s He remains a presence in our literary culture and his accounts of art and society have

influenced a younger generation of readers and thinkers This vibrant collection emerges from symposiums held at the Mercantile Library and at Princeton University in 1995 Wilson's centennial year At these occasions prominent critics literary journalists and historians aired a variety of points of view about his work and personality Assembled and edited by Lewis Dabney this book shows new intellectual voices interacting with veterans who knew Wilson and his times In the first part Morris Dickstein Jason Epstein Barbara Epstein David Bromwich Jed Perl and Mark Krupnick comment on Wilson's development as a critic his faith in reason and his personal romanticism his version of modernism and eclectic interest in the arts as well as the sources of his later writing about Judaism In the second section a reading of the journals from The Twenties to The Sixties by Neale Reinitz and a chapter from Dabney's biography in progress lead to the reminiscences of Elizabeth Hardwick Jason Epstein Mary Meigs Roger Straus and Alfred Kazin as well as Michael C D Macdonald the son of family friends and the Dead Sea Scrolls scholar James Sanders giving an authentic sense of Wilson's place in the literary life Two of his important works the study of the Marxist intellectual tradition in *To the Finland Station* and of Civil War literature in *Patriotic Gore* anchor the discussion in the third part Here David Remnick and Daniel Aaron debate his radical commitment joined by Arthur Schlesinger and others in a vigorous exchange and Randall Kennedy's attack on Wilson's neglect of nineteenth century black writers provokes a response from Toni Morrison Instructive essays by Andrew Delbanco and Louis Menand and discerning comments by Paul Berman and Sean Wilentz round out the volume Originally published in 1997 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

"Hours like bright sweets in a jar" Sonia Front, Alicja Bemben, 2014-10-16 The papers gathered in the present collection investigate time and temporality from a number of interdisciplinary perspectives literary or film studies postcolonial theory physics philosophy psychology urban studies history and gender studies This wide spectrum of scholarly approaches encompasses chapters dealing with the convergences of time and the human psyche time and the body time and memory time and trauma time and change time and cultural reproduction time and language time and the city and time and identity It transpires that the imaginary refigurations of time more often than not constitute resistance against the linearity of chronometric time represented by institutions capitalism government and power and attempts to colonize the human psyche In attempting to assault this hegemony of linear time literary cinematographic and cultural

practice enacts exploding temporalities to reflect the multifacetedness and multidirectionality of the human experience of time
