Turner, 2014-04-04 In The Colorblind Screen the contributors examine television s role as the major discursive medium in the articulation and contestation of racialized identities in the United States While the dominant mode of televisual racialization has shifted to a colorblind ideology that foregrounds racial differences in order to celebrate multicultural

assimilation the volume investigates how this practice denies the significant social economic and political realities and inequalities that continue to define race relations today Focusing on such iconic figures as President Obama LeBron James and Oprah Winfrey many chapters examine the ways in which race is read by television audiences and fans Other essays focus on how visual constructions of race in dramas like 24 Sleeper Cell and The Wanted continue to conflate Arab and Muslim identities in post 9 11 television The volume offers an important intervention in the study of the televisual representation of race engaging with multiple aspects of the mythologies developing around notions of a post racial America and the duplicitous discursive rationale offered by the ideology of colorblindness Publisher s website [The Chinese Constitution of Central Asia](#) N. the best and worst of urban public education practices there and across the Rust Belt Integrated decades before Brown v Board of Education Schenley succumbed to default segregation during the white flight of the 1970s it rose again to prominence in the late 1980s when parents camped out in six day long lines to enroll their children in visionary superintendent Richard C Wallace s reinvigorated school Although the historic triangular building was a cornerstone of its North Oakland neighborhood and a showpiece for the city of Pittsburgh officials closed the school in 2008 citing over 50 million in necessary renovations a controversial event that captured national attention Schenley alumnus Jake Oresick tells this story through interviews historical documents and hundreds of first person accounts drawn from a community indelibly tied to the school A memorable important work of local and educational history his book is a case study of desegregation magnet education and the changing nature and legacies of America s oldest public schools **Microhistories of the Holocaust** Claire Zalc,Tal Bruttman,2016-12-01 How does scale affect our understanding of the Holocaust In the vastness of its implementation and the sheer amount of death and suffering it produced the genocide of Europe s Jews presents special challenges for historians who have responded with work ranging in scope from the world historical to the intimate In particular recent scholarship has demonstrated a willingness to study the Holocaust at scales as focused as a single neighborhood family or perpetrator This volume brings together an international cast of scholars to reflect on the ongoing microhistorical turn in Holocaust studies assessing its historiographical pitfalls as well as the distinctive opportunities it affords researchers History of the Caucasus Christoph Baumer,2023-10-05 In the Shadow of Great Powers is the second volume of Christoph Baumer s History of the Caucasus It covers the period from the Seljuk domination of the Southern Caucasus around 1050 CE to the present day After the Kingdom of Georgia s golden age of independent power and cultural blossoming in the 12th and early 13th centuries the Caucasus was overrun by the Mongols and soon disintegrated into innumerable smaller kingdoms principalities and khanates At the same time an Armenian kingdom in exile maintained a precarious independence in Cilicia today s southern Turkey by applying a three way diplomatic policy balanced between the Mongol Il Khanate the Crusader states and to a lesser degree the Mameluke Empire Then followed four centuries during which the highly fragmented polities of the North and South Caucasus became political pawns of the regional great powers above all the Ottomans Iran and Russia In the wake of World War I the South Caucasus enjoyed a short lived independence whereas its northern neighbours were engulfed by the Russian civil wars But by 1921 the Soviet Union had re established Russian dominance over the whole region and from a Western perspective the region disappeared behind the Iron Curtain Nevertheless the Caucasian nations kept their pronounced identities even under Soviet rule giving rise at the dissolution of the Soviet Union to a number of internecine conflicts Whereas the Russian Federation managed to maintain its supremacy over the North Caucasus albeit at the cost of bloody wars and insurrections Armenia Azerbaijan and Georgia succeeded in more or less gaining control over their destiny Of these three republics only Azerbaijan secured a wide ranging independence

thanks to its fossil fuel resources Following Russian interference Georgia lost control over two of its provinces while Armenia remains dependent on Russian support in the face of its notoriously antagonistic relations with neighbouring Azerbaijan and Turkey over the unresolved issue of Karabakh In the Shadow of Great Powers includes some 200 full colour images and maps which further bring the turbulent history of this region to light Hollywood's Indies Yannis Tzioumakis,2012-03-07 For almost three decades the big Hollywood studios have operated classics divisions or specialty labels subsidiaries that originally focused on the foreign art house film market while more recently and controversially moving on to the American indie film market This is the first book to offer an in depth examination of the phenomenon of the classics divisions by tracing its history since the establishment the first specialty label in 1980 United Artists Classics to more contemporary outfits like Focus Features Warner Independent and Picturehouse This detailed account of all classics divisions examines their business practices their position within the often labyrinthine structure of contemporary entertainment conglomerates and their relationship to their parent companies Yannis Tzioumakis examines the impact of those companies on American indie cinema and argues that it was companies such as Fox Searchlight and Paramount Classics now Paramount Vantage that turned independent filmmaking to an industrial category endorsed by the Hollywood majors as opposed to a mode of filmmaking practised outside the conglomerated major players and posed as a sustained alternative to mainstream Hollywood cinema A number of case studies are provided including such celebrated films as Mystery Train The Brothers McMullen Broken Flowers Before Sunset and many others The Vampire in Folklore, History, Literature, Film and Television ,2015-10-07
