from the frontlines in this high stakes investigation and explores the depths of America's global killing machine. He goes beneath the surface of these covert wars conducted in the shadows outside the range of the press without effective congressional oversight or public debate. And based on unprecedented access, Scahill tells the chilling story of an American citizen marked for assassination by his own government. As US leaders draw the country deeper into conflicts across the globe, setting the world stage for enormous destabilization and blowback, Americans are not only at greater risk, we are changing as a nation. Scahill unmasks the shadow warriors who prosecute these secret wars and puts a human face on the casualties of unaccountable violence that is now official policy: victims of night raids, secret prisons, cruise missile attacks, and drone strikes, and whole classes of people branded as suspected militants. Through his brave reporting, Scahill exposes the true nature of the dirty wars the United States government struggles to keep hidden. **A S R Index 2019** Jan
