8.03.01 PURPOSE

This directive provides a systematic, objective, and impartial method of investigating allegations of inappropriate behavior by Town of Shalimar Police Department employees. It also provides a procedure for the disposition and handling of Internal Affairs Investigations.

8.03.02 AUTHORITY

Section 112.533, Florida Statute

8.03.03 POLICY

The Town of Shalimar Police Department maintains a commitment to the principles outlined in the Law Enforcement Officers' Bill of Rights and to equity and fairness in complaint investigation. In *Garcia vs. New Jersey* and *Gardner vs. Beardsick*, the United States Supreme Court extended to police officers the protection of the privilege against self-incrimination. Statements which they are compelled to make, by threatened loss of their employment or other disciplinary action, may not form the basis of a criminal prosecution against them, nor can they be compelled to waive this privilege. However, the court has clearly indicated that the privilege against self-incrimination is not a bar to dismissal if a police officer refuses to "answer questions specifically, directly and narrowly relating to the performance of his official duties, without being required to waive his immunity with respect to the use of his answers or the fruits thereof in a criminal prosecution of himself." In other words, refusal to answer questions intended merely to secure information concerning his official activities could justify dismissal or other disciplinary action.

2 Flawed Lawmen Wayne Meyer, 2020-08-10 Two police officers that did stints in detectives decided they wanted to go back to a front line first responder status in the department There is a notable age difference between them but due to similar attitudes and motivations they became friends years ago By choice they end up on the same patrol squad with the older as the others supervisor The two no matter how hard they try and sometimes no matter how hard they try not to get into very dangerous frustrating and sometimes even comedic situations Unfortunately being a police officer isn't very popular in current times These officers were active in the mid 90's and the public was a little more supportive but police administrations weren't necessarily so No matter what the era persons in higher stations do not want to

lose their positions due to the actions of over zealous underlings These two keep trying to do things right and the right things but due to some frail human qualities and a thing called Murphy s Law things do not usually end very well for them If you have any sense of right and wrong or what s fair and what isn t you should find yourself cheering and hoping they will survive and over come all adversities If not you may be more pragmatic and think they are morons and should have known better Because realistically they have no one else to blame but each other for putting themselves in those positions Judge for yourself
