Are They on the Right Bus: The 55-Minute Guide to Talent

Management Ro Gorell, 2011-06-01 It's no accident that talent is an anagram of talent and yet blinkered thinking about the WAR FOR TALENT has driven many organisations to focus their efforts on a tiny proportion of the workforce Inspired by biz book classic GOOD TO GREAT Ro Gorell lifts the lid on what talent management is really about not only demonstrating why it starts with GETTING THE RIGHT PEOPLE ON THE BUS in the first place but also providing ten simple principles for how to nurture and sustain the talent that exists untapped at every level in your organisation The simple truth is that TALENT MANAGEMENT IS FAR TOO IMPORTANT TO BE LEFT TO HR ALONE It's a board level issue one that business leaders need to understand and act on strategically in order to successfully leverage this increasingly critical source of innovation and value creation ABOUT THE BOOKS Far too many business books start with the false premise that offering meaningful insight requires exhaustive detail They demand a huge investment from readers to wade through all the information provided and draw out what is relevant to them In a rapidly changing time starved world it's an approach that's getting wronger and wronger What CEOs and other busy business people desperately need is high level strategic insight delivered in quick simple easy to digest packages Co created by DAN GRAY and KEVIN KEOHANE that's exactly what the 55 MINUTE GUIDES are designed to do Instead of some 300 page pseudo academic tome they offer fresh perspectives and must knows on important topics that can be read from cover to cover in the course of a single morning's commute or a short plane ride In short they are the antidote to most business books A QUICK READ not a long slog Focused on BIG IDEAS not technical detail Promoting JOINED UP THINKING not functional bias Written to EMPOWER THE READER not to make the author look clever They're guided by the simple principle that INSIGHT GAINED PER MINUTE SPENT READING should be as high as possible No fluff No filler No jargon Just the things you REALLY need to know written in plain English with clear and simple illustrations
