

## SULIT

SEPANG: When a 10-year old boy's right leg was stuck in laterite mud and all efforts to rescue him were futile, residents of Taman Mawar, Salak Tinggi called the Kuala Lumpur International Airport's (KLIA) Fire and Rescue Department for help.

A call was made at 5.55 pm informing the department of the situation and a team of six firemen and a fire engine were sent to the scene. The team, which arrived at the scene 20 minutes later, took 20 minutes to pull out the boy whose right leg was trapped knee high in the mud.

The firemen had to dig into the mud before pulling the boy out to safety. It is understood that the mud was a result of heavy construction up the hill. The officer in charge, Saaidon Ameen, said the boy did not scream or cry. "He was in fact, very tired after trying to free himself," said Saaidon. The boy had been with his friends playing in the area when he fell into the mud trap. He tried to free himself for about two hours but could not do so.

Residents tried to help as well but failed to pull him out. As a last resort, they decided to get help from the KLIA Fire and Rescue Department.

"He only told us that he was thirsty and we gave him water while the rest of us tried our best to pull him out," said Saaidon, adding that the boy was returned to his mother, who was waiting anxiously nearby.

It is learnt that the boy's father was not at home as he is working abroad.
