English Second Language Hg P1:

Reflexive Pronouns: A Theoretical and Experimental Synthesis Darcy Sperlich, 2021-01-04 This book presents a comprehensive picture of reflexive pronouns from both a theoretical and experimental perspective using the well researched languages of English German Dutch Chinese Japanese and Korean In order to understand the data from varying theoretical perspectives the book considers selected syntactic and pragmatic analyses based on their current importance in the field The volume consequently introduces the Emergentist Reflexivity Approach which is a novel theoretical synthesis incorporating a sentence and pragmatic processor that accounts for reflexive pronoun behaviour in these six languages Moreover in support of this model a vast array of experimental literature is considered including first and second language acquisition bilingual psycholinguistic neurolinguistic and clinical studies It is through both the intuitive and experimental data linguistic theorizing relies upon that brings out the strengths of the modelling adopted here paving new avenues for future research In sum this volume unites a diverse array of the literature that currently sits largely divorced between the theoretical and experimental realms and when put together a better understanding of reflexive pronouns under the auspices of the Emergentist Reflexivity Approach is forged
