Performances of Suffering in Latin American Migration Ana Elena Puga, Víctor Espinosa, 2020-04-09

This book questions the reliance on melodrama and spectacle in social performances and cultural productions by and about migrants from Mexico and Central America to the United States Focusing on archetypal characters with nineteenth century roots that recur in the twentieth and twenty first centuries heroic saviors saintly mothers and struggling fathers martyred children and rebellious youth it shows how theater practitioners filmmakers visual artists advocates activists journalists and others who want to help migrants often create migrant melodramas performances that depict their heroes as virtuous victims at the mercy of evil villains In order to gain respect for the human rights that are supposedly already theirs on paper and participate in a global market that trades in performances of suffering migrants themselves sometimes accept the roles into which they are cast or even cast themselves Some express their suffering publicly often on demand Others find ways to twist parody resist or reject migrant melodrama Timely beautifully written and deeply researched Puga's and Espinosa's study captures the complex nuances of how performance scholars and ethnographers grapple with telling stories of and bearing witness to trauma They invite scholars to re imagine the narrative genres into which histories of migration are often coerced They question how familiar forms such as melodrama can empower or dis empower individuals struggling to share their stories and change their circumstances Their thoughtful work offers a compassionate and erudite model for performance ethnographers Heather S Nathans Alice and Nathan Gantcher Professor in Judaic Studies Tufts University In their penetrating analysis Puga and Espinosa show how militarized borders neoliberal economics exclusionary immigration policies and rising nativism have combined to create an ongoing melodrama in which migrants journalists and rescuers perform scripted roles as martyrs saints and heroes in an effort to sway a global audience of onlookers Although the protagonists in this melodrama seek to relieve the suffering of migrants by valorizing their pain and using it as a currency in a political economy of suffering the authors sympathetic but critical analysis reveals both the promise and perils of this emotive strategy Their analysis is essential to understanding how immigration is portrayed and perceived in the world today Douglas S Massey Henry G Bryant Professor of Sociology and Public Affairs Princeton University Ana Elena Puga and Víctor M Espinosa's *Performances of Suffering* is well researched and compellingly theorized collaboration which reveals the affective labor performed by with and for migrants in the United States and Mexico In these perilous times the lessons that this book teaches us about the performance of melodrama as a key aspect of obtaining justice and care for migrants throughout the hemisphere are crucial to understanding representations of migrant crises in our contemporary social media performance and advocacy movements Patricia Ybarra Professor of Theatre Arts and Performance Studies Brown University In this fascinating book Puga and Espinosa illuminate the political economy of suffering among Latin American migrants This is a timely and important work to

Undocumented Marta Caminero-Santangelo, 2017-10-10 Looking at the work of Junot Diaz Cristina Garcia Julia Alvarez and other Latino authors who are U S citizens Marta Caminero Santangelo examines how writers are increasingly expressing their solidarity with undocumented immigrants Through storytelling these writers create community and a sense of peoplehood that includes non citizen Latino as This volume also foregrounds the narratives of unauthorized migrants themselves showing how their stories are emerging into the public sphere Immigration and citizenship are multifaceted

issues and the voices are myriad They challenge common interpretations of illegal immigration explore inevitable traumas and ethical dilemmas protest their own silencing in immigration debates and even capitalize on the topic for the commercial market Yet these texts all seek to affect political discourse by advancing the possibility of empathy across lines of ethnicity and citizenship status As border enforcement strategies escalate along with political rhetoric detentions and deaths these counternarratives are more significant than ever before and their perspectives cannot be ignored What we are witnessing argues Caminero Santangelo is a mass mobilization of stories This growing body of literature is critical to understanding not only the Latino a immigrant experience but also alternative visions of nation and belonging

Tri-level Identity Crisis

Tapiwa N. Mucherera,Chris Kiesling,Anne Kiome Gatobu,2020-07-31 This text captures the profound unacknowledged crisis that is unique to children of first generation immigrants by virtue of their being caught in a world of their parents culture of origin and their social experience in the United States The book makes the case for three levels of adolescent crisis unique to this population namely the general developmental crisis experienced by all adolescents as articulated by developmental theories the cultural identity crises experienced by ethnic minority persons as they encounter the layered racialization of American history and finally the unique crisis that arises from conflicting cultural values and morals when first generation immigrant parents wanting to preserve native values clash with their children who seek belonging in the Western context in which they currently reside The book traces the psychological emotional and social roots of the crisis The authors representing immigrants from different continents portray the unique ethnic minority challenges they encounter in coming to the US exemplifying further the tri level crisis Finally the book offers ways that parents can be proactive in helping their children navigate the potential tri level crisis through ITAV It Takes a Village camps and family palavers

The Ethics of the Story David Craig,2006-10-10 The best journalists are masters at their craft

With a comma and a colon a vivid verb and a colorful adjective they not only convey important information but also create a sense of place and evoke powerful emotions A compelling story can shape_for good or ill_the way a reader understands people events and issues The Ethics of the Story examines the ethical implications of narrative techniques commonly used in journalism not just literary journalism but also news and feature writing The book draws on interviews with 60 talented

journalists including Pulitzer Prize winners to offer practical advice about ethical choices in writing and editing Much has been written about journalism ethics but the discussion has often focused on spectacularly bad decisions_ such as Jayson Blair's and Jack Kelley's use of fraudulent narrative_ rather than the ethical dimension of day to day choices about the building blocks of journalistic storytelling The Ethics of the Story fills a gap in current work on ethics writing and editing It will enlighten any serious wordsmith with a story to tell
