Masculinity in the Contemporary Romantic Comedy John Alberti, 2013-09-11 This volume addresses the growing obsolescence of traditional constructions of masculine identity in popular romantic comedies by proposing an approach that combines gender and genre theory to examine the ongoing radical reconstruction of gender roles in these films Alberti creates a unified theory of gender role change in the movies that combines the insights of both poststructuralist gender and narrative genre theory avoiding binary approaches to the study of gender representation He establishes the current crises in both gender representation and genre development within romantic comedies as examples of experimentation and change towards narratives that feature more egalitarian and less essentialist constructions of gender

Film Theory and Contemporary Hollywood Movies Warren Buckland,2009-06-03 Film theory no longer gets top billing or plays a starring role in film studies today as critics proclaim that theory is dead and we are living in a post theory moment While theory may be out of the limelight it remains an essential key to understanding the full complexity of cinema one that should not be so easily discounted or discarded In this volume contributors explore recent popular movies through the lens of film theory beginning with industrial economic analysis before moving into a predominately aesthetic and interpretive framework The Hollywood films discussed cover a wide range from 300 to Fifty First Dates from Brokeback Mountain to Lord of the Rings from Spider Man 3 to Fahrenheit 9 11 from Saw to Raiders of the Lost Ark and much more Individual essays consider such topics as the rules that govern new blockbuster franchises the posthumanist realism of digital cinema video game adaptations increasingly restricted stylistic norms the spatial stories of social networks like YouTube the mainstreaming of queer culture and the cognitive paradox behind enjoyable viewing of traumatic events onscreen With its cast of international film scholars Film Theory and Contemporary Hollywood Movies demonstrates the remarkable contributions theory can offer to film studies and moviegoers alike

A History of English Literature by Thomas B. Shaw Thomas Budd Shaw,1878 *Female Celebrity and Ageing*

Deborah Jermyn,2016-04-29 Female Celebrity and Ageing Back in the Spotlight interrogates the myriad ways in which celebrity culture constructs highly visible ideologies of femininity and ageing and how ageing female celebrities have negotiated the media in a variety of industrial historical and national contexts In the era when the baby boomers have started drawing their pensions the boundaries of what constitutes old age have never seemed more fluid and ageing has never been presented by advertisers and marketers in a more dynamic fashion However the fact remains that ageing is still widely feared and growing old is an inherently gendered process in which ageing women are paradoxically both rendered invisible

and subjected to damning scrutiny Nowhere is this conflicting state of affairs more evident than in celebrity culture where ageing female stars are praised for growing old gracefully one moment and condemned for letting themselves go the next when they fail to age appropriately Examining a variety of themes and ageing women in the spotlight from Barbara Stanwyck to Madonna to Charlotte Rampling the essays collected here forge new critical and conceptual insights into how women grow older in the media and the implications of this for what Susan Sontag memorably called the double standard of ageing This book is based on a special issue of *Celebrity Studies*

Zuckerman, 2024-12-03 Prepare to swoon ugly cry laugh and fall in love with this officially licensed exploration of the impact and legacy of one of film's most beloved genres from Turner Classic Movies the rom com Romantic comedies have had an incredible influence on popular culture shaping everything from how we think of relationships to fashion Often swept aside in film history these movies are thought of as pure comfort viewing Although they certainly provide those fuzzy feelings they have also had a significant artistic influence and cultural impact Spanning decades of romantic comedies from movies of the 1930s such as *It Happened One Night* and the rom com craze of the 80s and 90s including *When Harry Met Sally* all the way to contemporary hits like *Crazy Rich Asians* and everything in between *Falling in Love at the Movies* will make you fall in love all over again with romantic comedies Esther Zuckerman accomplished entertainment journalist and member of the New

York Film Critics Circle takes readers on a journey through the rom com. She examines the aspects that make us so drawn to these types of films, diving deep into the key auteurs from Preston Sturges to James L. Brooks to Nora Ephron and beyond, who both created and subverted the canon. These directors, actors, and writers shaped the genre, establishing and also busting traditional pillars and tenets of these movies, such as *The Perfect Pair* or *The Man in Crisis* and *The High Maintenance Woman*. Featuring full-color images from the films throughout, along the way Zuckerman takes detours, explores iconic lines of dialogue (Who could forget Julia Roberts' "I'm also just a girl standing in front of a boy asking him to love her" iconic moment from *Notting Hill*), to memorable scenes (the magical moment at the Empire State Building in *Sleepless in Seattle*) and weaves in interviews of artists and romantic comedy fanatics in the industry. Looking beyond the traditional rom com, Zuckerman digs into the nooks and crannies of the films that buck the trend of happily ever after, the ones that think beyond heteronormative narratives, and the Indies that kept the rom com alive outside of the studio system to offer a more comprehensive story of the rom com than has ever been seen before, and one that you're bound to love. How's that for a happy ending? **Learn**
