*Goethe in English* Derek Glass, Martin H. Jones, 2005 This bibliography was commissioned by the English Goethe Society as a contribution to the celebration in 1999 of the 250th anniversary of Goethe's birth It sets out to record translations of his works into English that have been published in the twentieth century up to and including material published in that anniversary year It aims to serve as wide a constituency as possible be it as a simple reference tool for tracing a translation of a given work or as a documentary source for specialized studies of Goethe

reception in the English speaking world The work records publications during the century not merely translations that originated during this period It includes numerous reprintings of older material as well as some belated first publications of translations from the nineteenth century It shows how frequent and how long enduring was the recourse of publishers and anthologists to a Goethe Victorian in diction a signal factor in perceptions and misperceptions Derek Glass was putting the finishing touches to the bibliography at the time of his sudden death in March 2004 Colleagues at Kings College London have edited the final manuscript which is now published jointly by the English Goethe Society and the Modern Humanities

Research Association both as a worthy commemoration of Goethes anniversary and as a tribute to Derek himself **Mother**

**Modernity** Robert Burden,2016-03-09 Focusing on the significance of travel in Joseph Conrad E M Forster D H Lawrence Henry James and Edith Wharton Robert Burden shows how travel enabled a new consciousness of mobility and borders during the modernist period For these authors Burden suggests travel becomes a narrative paradigm and dominant trope by which they explore questions of identity and otherness related to deep seated concerns with the crisis of national cultural identity He pays particular attention to the important distinction between travel and tourism at the same time that he attends to the slippage between seeing and sightseeing between the local character and the stereotype between art and kitsch and between older and newer ways of storytelling in the representational crisis of modernism Burden argues that the greater awareness of cultural difference that characterizes both the travel writing and fiction of these expatriate writers became a defining feature of literary modernism resulting in a consciousness of cultural difference that challenged the ethnographic project of empire

Studies in Classic American Literature D.H. Lawrence,2020-10-01 The author of such classics as Sons and Lovers and The Rainbow critically examines classic American literature in this collection of essays This anthology provides a deep look at D H Lawrence s thoughts on American literature including notable essays on Benjamin Franklin Edgar Allan Poe Nathaniel Hawthorne Herman Melville and Walt Whitman Originally published in 1923 this volume has corrected and uncensored the text and presents earlier versions of many of the essays *Dante in Love* A. N.

Wilson,2024-05-01 For William Butler Yeats Dante Alighieri was the chief imagination of Christendom For T S Eliot he was of supreme importance both as poet and philosopher Coleridge championed his introduction to an English readership Tennyson based his poem Ulysses on lines from the Inferno Byron chastised an Ungrateful Florence for exiling Dante The Divine

Comedy resonates across five hundred years of our literary canon In *Dante in Love* A N Wilson presents a glittering study of an artist and his world arguing that without an understanding of medieval Florence it is impossible to grasp the meaning of Dante's great poem He explains how the Italian states were at that time locked into violent feuds mirrored in the ferocious competition between the Holy Roman Empire and the Papacy He shows how Dante's preoccupations with classical mythology numerology and the great Christian philosophers inform every line of the *Comedy* *Dante in Love* also explores the enigma of the man who never wrote about the mother of his children yet immortalized the mysterious Beatrice whom he barely knew With a biographer's eye for detail and a novelist's comprehension of the creative process A N Wilson paints a masterful portrait of Dante Alighieri and unlocks one of the seminal works of literature for a new generation of readers **The**

**Publishers Weekly**, 1910 **Cheap Modernism** Lise Jaillant, 2017-04-17 We often think of *Mrs Dalloway* or *A Portrait of the Artist as a Young Man* as difficult books originally published in small print runs for a handful of readers But from the mid 1920s these texts and others were available in cheap format across Europe Uniform series of reprints such as the Travellers Library the Phoenix Library Tauchnitz and Albatross sold modernism to a wide audience thus transforming a little read highbrow movement into a popular phenomenon The expansion of the readership for modernism was not only vertical from high to low but also spatial since publisher's series were distributed within and outside metropolitan centres in Britain continental Europe and elsewhere Many non English native speakers discovered texts by Joyce Woolf and others in the original language a fact that has rarely been mentioned in histories of modernism Drawing on extensive work in neglected archives *Cheap Modernism* will be of interest to all those who want to know how the new literature became a global commercial hit **Recording for the Blind & Dyslexic, ... culture Examining courtly clerical and classicising orientations towards the text it presents new arguments for the place of the Rose at the centre of fourteenth century English literature and explores its rich manuscript history to reveal new evidence about the cultural significance of this love allegory from thirteenth century France The chapters avoid an author centred approach arranging readings of the Rose and its relation with English literature in constellations that reveal complex unfolding inter relation of the diverse readings of the Rose that took place in fourteenth century England The Lariat,1925
